SUPPLEMENT TO AMENDED PROOF OF APPROPRIATION NO. V01105, N.T. SPRING

In 1912, a Proof of Appropriation was filed on the source of this Proof jointly with Robert Bailey, Edgar Sadler and Wallace Bailey. The successors to that Proof are the Bailey Family Trust and the Sadler Ranch, LLC. Please refer to the Report of Conveyance previously submitted for both parties as to the chain of title.

This proof gave a priority date of 1889 which is not correct in that livestock were grazed in the area from a reported date of 1863, when the ranching operation of the Bailey Family Trust was initiated. The proof claiming 1889 as the priority was clearly to document the change of the manner of use from an open channel to the improvements described therein. The proof was filed jointly for a total of 500 cattle.

Please refer to amended Proof V01104 where exhibits are already on file for the Bailey Ranch base property and to Reports of Conveyance to Sadler Ranch, LLC for chain of title for additional priority information. Please refer to the map that accompanied Proof No. V01105 to accompany this proof.

This amended proof is to correct the date of priority of use and is made on the present approved State claim form which is substantially different from the form of the original. The numbers of livestock and the amount of water is for the original claimed.
