(20) Water from the source given and through the works described is also used for the following purposes other than irrigation: Domestic, Stock and Culinary

(21) Remarks: Since the land was taken up in 1904, I have developed as much water again, as I originally had. All of the water which I use on the new land which I have put in this year, - 1912, - is developed water. At present, there is no water for ^{more} new land, but I believe that more water can be developed, This I intend to do, - putting in as much new land, as the amount of water which I can develop, will justify.
