(14) The maximum acreage irrigated in any year was 176.90 acres.

(15) The water claimed has ~~(has not)~~ been used for irrigation each and every year since the right was initiated. Strike out one not wanted

(16) The years during which no water was used for irrigation or during which the full water right was not used were \_\_\_\_\_  
If water was not used, or used in reduced quantity at any time, full information as to causes and duration of non-use should be given, appending a sheet if necessary

(17) The claimant's water right was ~~(was not)~~ recorded in the office of the County Recorder of Elko County, said record being at page 430 of Book 1 of Water Rights \_\_\_\_\_, and being a claim for 3 $\frac{1}{2}$  cubic feet per second of water for the irrigation of 200 acres acres of land in the following legal subdivisions:

NOTE—Failure to record in the county in no way invalidates a water right, but if ditch or right was so recorded, supply full information under (17)

(18) Water from the source given and through the works described is also used for the following purposes other than irrigation: Stockwater

(19) The character of the soil is Gravelly Loam. A continuous flow of 3 cubic feet of water per second has been used to irrigate each 100 acres of land and 5 acre-feet per acre per annum have been used to irrigate the crops.

(20) Remarks: This land which is irrigated by Chase Ditch No. 1, No. 2, No. 4 and No. 5 and Ditches No. 1 and No. 2 was purchased from E. R. Chase by Abner Wiseman in 1881 and by James A. Ralph from Abner Wiseman in 1911. The information in regard to land first irrigated and additional land irrigated in subsequent years was secured from Abner Wiseman in the year 1914.

All of the water of Fish Spring and Signal Creek (also known as Wiseman Creek) is used in irrigating the land for which these proofs are made.

From Mr. Wisemans statements the ditches as used now are practically the same ditches as were originally used and recorded.

Please use the cultural map on file under Proof 01258 for James A. Ralph to accompany this filing.

The undersigned, being first duly sworn, deposes and says that the facts relative to the appropriation of water by Robert R. Wright are full and correct to the best of his knowledge and belief.

If proof is not made by claimant, deponent should state on this line by virtue of what authority he represents the

claimant
