THE STATE OF NEVADA

PROOF OF APPROPRIATION OF WATER FOR STOCK WATERING PURPOSES

From Greasey Spring No 3.
Name of natural water source.

Through Troughs
Name of ditch, pipe line, etc.

W.J. McGill, the undersigned, being first duly sworn, deposes and says that the statements herein contained relative to the appropriation of water by Adams-McGill Company are full and correct to the best of his knowledge and belief.

Vice President and Manager
If proof is not made by claimant, deponent should state on this line by virtue of what authority he represents the claimant

(1) Name of claimant Adams-McGill Company
Address Ely, County of White Pine,
State of Nevada

(2) The means of diversion employed is pipe
Dam and ditch, pipe line, flume, etc.

(3) The water is impounded in troughs
Troughs, reservoirs, tanks, etc.

(4) The construction of the ditch or other works was begun Prior to 1905
and completed Prior to 1905

(5) The nature of the claimant's title to the land upon which the works are located is Possessory
obtained by Purchase and continued use

(6) The claimant's water right was (was not) recorded in the office of the County Recorder of
County, at page of Book of

(7) The approximate number of animals watered by the claimant during the first year was 50 Cattle
and said watering was conducted for an approximate period of entire year ~~days~~ during each
of the following ~~months~~ years since the original development

(8) The approximate number of animals watered by claimant in subsequent years was as follows:
50 to 150 head Cattle each and every year since the appropriation of the water. also several thousand head of sheep use the water during the fall and Spring months.

(9) The amount of water which it has been necessary to divert for the said purpose has been

Ten inches Miners inches cubic feet per second. all of the flow of Spring No 3

40 miners inches equals 1 cubic foot per second

(10) The water is diverted from its source at [redacted] S 31° 43' W, 18160 feet

True bearing to nearest 5 minutes distance

from the N.E. corner of Section ——, T. 6 N., R. 65 E.,

E., Mount Diablo Base and Meridian.

NOTE—Information under (10) must invariably be given when a public corner is within 6 miles, unless the State Engineer consents to some other form of description.

(11) The works are located at the Spring

Describe as within a 40 acre subdivision of public survey or by a tie in same manner as under (10)

Remarks: The title to this spring was obtained by purchase from James Sartor and by continued use since. The troughs have been kept in good repair so that cattle and sheep can water easily.

This spring is located in [redacted] Lincoln County Nev. and flows about 10 miners inches of water

See Map now on file in State engineer office and is upon unsurveyed land

W. F. McGill.
Vice President and Mgr
