THE STATE OF NEVADA

PROOF OF APPROPRIATION OF WATER FOR STOCK WATERING PURPOSES

From Munroe Spring
Name of natural water source.

Through Dams
Name of ditch, pipe line, etc.

, the undersigned, being first duly sworn, deposes and says that the statements herein contained relative to the appropriation of water by ISaac T Handley are full and correct to the best of his knowledge and belief.

If proof is not made by claimant, deponent should state on this line by virtue of what authority he represents the claimant

(1) Name of claimant Isaac T Handley

Address Eureka, , County of Eureka,

State of Nevada;

(2) The means of diversion employed is & Dams and used at Spring
Dam and ditch, pipe line, flume, etc.

(3) The water is impounded in & small Dams
Troughs, reservoirs, tanks, etc.

(4) The construction of the ditch or other works was begun ~~No work done~~ The dams were made in June 1914 but we watered sheep there in and completed ~~No work necessary~~ 1910 & every summer since then.

(5) The nature of the claimant's title to the land upon which the works are located is Peacable possession for 15 years, We have no title to the land on which Munroe Spring is situated, it is Government Land.

(6) The claimant's water right ~~was~~ (was not) recorded in the office of the County Recorder of County, at page of Book of

(7) The approximate number of animals watered by the claimant during the first year was 100 and said watering was conducted for an approximate period of 30 days during each of the following months from April, 1st, to the 1st of October each year

(8) The approximate number of animals watered by claimant in subsequent years was as follows: During the last 5 years we have watered 2000 sheep at Munroe Spring during the summer months. Prior to that, for 15 years to my certain knowledge, Munroe Spring was used for watering about 100 head of horses & cattle, by my predecessors on the Higby Ranch.

(9) The amount of water which it has been necessary to divert for the said purpose has been

One cubic feet per second.

40 miners inches equals 1 cubic foot per second

(10) The water is diverted from its source at not diverted feet

True bearing to nearest 5 minutes distance

from the corner of Section , T. , R. ,

E., Mount Diablo Base and Meridian.

NOTE—Information under (10) must invariably be given when a public corner is within 6 miles, unless the State Engineer consents to some other form of description.

(11) The works are located at no works

Describe as within a 40 acre subdivision of public survey or by a tie in same manner as under (10)

Remarks: Spring is situated in the ~~SE¼~~ NE¼ SW¼ of SE¼, 13 Tp, 22 N R 54 E. M. D. M during the last 5 years over 2000 Sheep has been watered at this Spring during the summer months

2000 Sheep

The sheep are watered at 8 small reservoirs each about 6 feet square & 1 ft deep. The reservoirs are one below the other in the old channel where the water has always run. There are 8 dams, made of rocks & dirt & 12 in. to 18 in high

Munroe Spring has been used by my predecessors on the Higby Ranch, which I now own, and which is about two miles from Munroe Spring, for more than 15 years to my certain knowledge.

J. J. Handley

Subscribed and sworn to before me this 20th day of June 1914

J. M. Chasta, County Clerk,

And ex-officio Clerk of the District Court, Eureka County.

Notary Public in and for the County of

My Commission expires , 191

This part of form to be left blank by claimant
