

THE STATE OF NEVADA
 PROOF OF APPROPRIATION OF WATER FOR IRRIGATION

From Huffords or Jake Creek.
Name of natural water source

Through Ditch No 1.
Name of ditch, flume, or pipe line

John G. Taylor

....., the undersigned, being first
 duly sworn, deposes and says that the facts relative to the appropriation of water by himself
or predecessors are full and correct to the best of his
 knowledge and belief.

Proof is made by claimant.

If proof is not made by claimant, deponent should state on this line by virtue of what authority he represents the claimant

(1) Name of claimant John G. Taylor.
 Address Lovelock, County of Humboldt
 State of Nevada

(2) The means of diversion employed Dam and Ditch
Dam and ditch, pipe line, flume, etc.

(3) The date of the survey of ditch, canal, or pipe line was in the year 1869

(4) The construction of the ditch or other works was begun in the year 1869
 and completed in the year 1869

(5) The dimensions of the ditch or canal as originally constructed were: Width on bottom 3.0
 feet, width on top 3.5 feet, depth 1.0 feet, on a grade of 16.2 feet per thousand feet.

(6) The conduit ~~has~~ (has not) been enlarged.
NOTE—If enlargement or extension of ditch was made, supply information under (7) and (8)

(7) The work of enlargement of the ditch or canal was begun * * * *
 and completed * * * *

(8) The dimensions of the ditch or canal as enlarged are: Width on bottom * * * feet, width on
 top * * * feet, depth * * * feet, on a grade of * * * feet per thousand feet.

(9) The claimant is (~~is not~~) an owner in the above-described conduit.
Full Owner
If claimant is an owner in the conduit, state interest held on this line

(10) The nature of the title to the land for which the water right is claimed is Patented

(11) Crops of Hay, grain and vegetables
 have been grown upon the land irrigated.

(12) The water has been used for irrigation from April 1st, to Sept. 15 th
Day of month Day of month
 of each year.

(13) The water was first used for irrigation by claimant or his grantors in the year 1870
 when 2.04 acres were irrigated in the SE¹SW⁴ of Sec. 7
T. 38 N., R. 44 E., M.D.B. and M.

(19) The map provided by the State Engineer and attached hereto as a part of this proof is hereby accepted as correctly showing the ditch lines or irrigation works diverting or conveying the water claimed and the lands irrigated.

(20) Water from the source given and through the works described is also used for the following purposes other than irrigation: Stock water.

(21) The character of the soil is loam (Sandy, gravelly, loam) The soil needs acre-feet per annum to properly irrigate the crops. A continuous flow of cubic feet of water per second, during the irrigation season of months, is needed to irrigate each 100 acres of land.

Remarks: The size of the ditches given in this proof is the present size, there being no available data as to their dimensions at the time of construction.

See remarks under Ditch No 2.

1870	1.08	pasture acres in the	NW $\frac{1}{4}$ NW $\frac{1}{4}$	of Sec. 19	T. 38 N	R. 44	E.
	74.03	acres in the		of Sec.	T.	R.	E.

All M.D.B. and M.

Remarks:

Append a sheet if necessary

Cultivated 62.25

(15) The maximum acreage irrigated in any year was Pasture 11.78 acres.

(16) The water claimed has (~~has not~~) been used for irrigation each and every year since the right was initiated.
 Strike out, one not wanted

(17) The years during which no water was used for irrigation or during which the full water right was not used were Water used continuously.
 If water was not used, or used in reduced quantity at any time, full information as to causes and duration

of non-use should be given, appending a sheet if necessary

(18) The claimant's water right was (~~was not~~) recorded in the office of the County Recorder of Humboldt County, said record being at page 95 of Book A of Water Claims, and being a claim for 30 cubic feet per second of water for the irrigation of 200 acres.

acres of land in the following legal subdivisions:

NOTE—Failure to record in the county in no way invalidates a water right, but if ditch or right was so recorded, supply full information under (19)

(19) The map provided by the State Engineer and attached hereto as a part of this proof is hereby accepted as correctly showing the ditch lines or irrigation works diverting or conveying the water claimed and the lands irrigated.

(20) Water from the source given and through the works described is also used for the following purposes other than irrigation: Stock water.

(21) The character of the soil is loam (Sandy, gravelly, loam) The soil needs acre-feet per annum to properly irrigate the crops. A continuous flow of cubic feet of water per second, during the irrigation season of months, is needed to irrigate each 100 acres of land.

Remarks: The present grade and dimension of all ditches is given, there being no data relative to the original size at the time of construction.

A copy of the John G. Taylor Water Claims taken from the records in the County Records Office at Winnemucca, Nevada, is hereby attached and made a part of these proofs as showing the early recorded claims, also a few extracts from a letter written by Jacob Hufford who located the place and used the first water for irrigation.

State Engineer

Certificate No. issued hereunder

....., 191.....

THE STATE OF NEVADA
PROOF OF APPROPRIATION OF WATER FOR IRRIGATION

From Huffords or Jake Creek.
Name of natural water source

Through Ditch No 6.
Name of ditch, flume, or pipe line

John G. Taylor, the undersigned, being first
duly sworn, deposes and says that the facts relative to the appropriation of water by himself
or predecessors are full and correct to the best of his
knowledge and belief.

Proof is made by claimant.

If proof is not made by claimant, deponent should state on this line by virtue of what authority he represents the claimant

(1) Name of claimant John G. Taylor.
Address Lovelock, County of Humboldt
State of Nevada

(2) The means of diversion employed Dam and Ditch
Dam and ditch, pipe line, flume, etc.

(3) The date of the survey of ditch, canal, or pipe line was in the year 1869

(4) The construction of the ditch or other works was begun in the year 1869
and completed in the year 1869

(5) The dimensions of the ditch or canal as originally constructed were: Width on bottom 1.5
feet, width on top 2.0 feet, depth 1.0 feet, on a grade of 11.1 feet per thousand feet.

(6) The conduit has (has not) been enlarged.
NOTE—If enlargement or extension of ditch was made, supply information under (7) and (8)

(7) The work of enlargement of the ditch or canal was begun * * * * *
and completed * * * * *

(8) The dimensions of the ditch or canal as enlarged are: Width on bottom * * * feet, width on
top * * * feet, depth * * * feet, on a grade of * * * feet per thousand feet.

(9) The claimant is (is not) an owner in the above-described conduit.
Full Owner
If claimant is an owner in the conduit, state interest held on this line

(10) The nature of the title to the land for which the water right is claimed is
Patented

(11) Crops of Hay and grain
have been grown upon the land irrigated.

(12) The water has been used for irrigation from April 1st to Sept 15th
of each year. Day of month Day of month

(13) The water was first used for irrigation by claimant or his grantors in the year 1870
when 1.50 acres were irrigated in the NW 1/4 of Sec. 18
T 38 N, R. 44 E, M. D. B. and M.

map does not show a well here
File

See map to 6

(19) The map provided by the State Engineer and attached hereto as a part of this proof is hereby accepted as correctly showing the ditch lines or irrigation works diverting or conveying the water claimed and the lands irrigated.

(20) Water from the source given and through the works described is also used for the following purposes other than irrigation:..... Stock water.

(21) The character of the soil is sandy loam..... The soil needs..... acre-feet
(Sandy, gravelly, loam)
per annum to properly irrigate the crops. A continuous flow of..... cubic feet of water per second, during the irrigation season of..... months, is needed to irrigate each 100 acres of land.

Remarks:..... The present dimensions of the ditch are given, there being no data relative to the size at the time of construction.

..... See remarks under Ditch No. 22
