

THE STATE OF NEVADA

PROOF OF APPROPRIATION OF WATER FOR STOCK WATERING PURPOSES

From Harris Spring
Name of natural water course
Through natural ditch or creek
Name of ditch, pipe line, etc.
Jas. B. Wilson, the undersigned, being first

duly sworn, deposes and says that the statements herein contained relative to the appropriation of water by Jas. B. Wilson and Tweed A. Wilson are full and correct to the best of his knowledge and belief.

If proof is not made by claimant, deponent should state on this line by virtue of what authority he represents the claimant

(1) Name of claimant Jas B Wilson and Tweed A. Wilson
Address Arden, County of Clark
State of Nevada

(2) The means of diversion employed is not necessary for stock watering
Dam and ditch, pipe line, flume, etc.

(3) The water is impounded in creek
Troughs, reservoirs, tanks, etc.

(4) The construction of the ditch or other works was begun none
and completed

(5) The nature of the claimant's title to the land upon which the works are located is open
Government land upon which applicants have ranged
stock for past 16 years, that is since 1902

(6) The claimant's water right ~~was~~ (was not) recorded in the office of the County Recorder of
County, at Page of Book of

(7) The approximate number of animals watered by the claimant during the first year was 25 cattle
and said watering was conducted for an approximate period of 365 days during each
of the following months year since year 1902

(8) The approximate number of animals watered by claimant in subsequent years was as follows:

1903- 30 head - 1904- 35 head - 1905- 40 head
1906 45 head 1907 50 head 1908 - 55 head
1909 60 head 1910 70 head 1911 80 head
1912 85 head 1913 90 head 1914 95 head
1915 100 head 1916 100 head 1917 110
1918 90 head all cattle and above numbers
of head are approximately correct

(9) The amount of water which it has been necessary to divert for the said purpose has been

~~no diversion necessary~~ cubic feet per second.
40 miners inches equals 1 cubic foot per second

(10) The water is diverted from its source at _____ feet from
the _____ True bearing to nearest 5 minutes distance

the N.E. 1/4 of SW. 1/4 corner of Section 1, T. 20S, R. 57 E.,
Mount Diablo Base and Meridian.

NOTE—Information under (10) must invariably be given when a public corner is within 6 miles, unless the State Engineer consents to some other form of description.

(11) The works are located at Harris Spring
Describe as within a 40-acre subdivision of public survey or by a tie in same manner as under (10)

Remarks: Applicants have continuously ranged their stock in vicinity of said Harris Spring and submit two affidavits and if necessary can submit similar proof.

Deponent and brother inherited the cattle, horses, ranch, and range from James B. Wilson Sr, deceased, who moved onto the range of mountains with cattle about year 1885 since which time they have continuously ranged cattle thereon.

The reason true bearing is not given within 5 minutes or distance is because of fact that Harris Springs rises at different places along creek within sub-division described

Remarks: _____

James B. Wilson

Subscribed and sworn to before me this *24th* day of *July*, 191*8*

Henry M. Bellis

Notary Public in and for the County of *Clark*

My commission expires *March 9th*, 191*9*

This part of form to be left blank by claimant
