THE STATE OF NEVADA

01671

PROOF OF APPROPRIATION OF WATER FOR STOCK WATERING PURPOSES

From COUGAR SPRING

Name of natural water course

Through channel of flow of spring

Name of ditch, pipe line, etc.

W. N. McGill, the undersigned, being first duly sworn, deposes and says that the statements herein contained relative to the appropriation of water by The Adams-McGill Company are full and correct to the best of his knowledge and belief.

manager of The Adams-McGill Company

If proof is not made by claimant, deponent should state on this line by virtue of what authority he represents the claimant

(1) Name of claimant The Adams-McGill Company

Address Ely, County of White Pine

State of Nevada

(2) The means of diversion employed is dams and ditch

Dam and ditch, pipe line, flume, etc.

(3) The water is impounded in small reservoirs at first

Troughs, reservoirs, tanks, etc.

(4) The construction of the ditch or other works was begun in 1904

and completed in 1904

(5) The nature of the claimant's title to the land upon which the works are located is

on land owned through purchase by the Adams-McGill Co

(6) The claimant's water right was (was not) recorded in the office of the County Recorder of

County, at Page of Book of

(7) The approximate number of animals watered by the claimant during the first year was 2,500

and said watering was conducted for an approximate period of 8 months days during each

of the following months April 1st to November 30th

(8) The approximate number of animals watered by claimant in subsequent years was as follows:

the waters of this spring have been used each subsequent year by The Adams-McGill Company for watering approximately 2,500 sheep; this spring is on the range used each year as a lambing ground by the Company.

(9) The amount of water which it has been necessary to divert for the said purpose has been

$\frac{1}{40}$ cubic feet per second.
40 miners inches equals 1 cubic foot per second

(10) The water is diverted from its source at S. 67° 05' E. 6780 feet from the NW corner of Section 16, T. 12N, R. 65 E., Mount Diablo Base and Meridian.

NOTE—Information under (10) must invariably be given when a public corner is within 6 miles, unless the State Engineer consents to some other form of description.

(11) The works are located at NW $\frac{1}{4}$ of SW $\frac{1}{4}$, Sec 15, T. 12N, R. 65E, M. D. M.
Describe as within a 40-acre subdivision of public survey or by a tie in same manner as under (10)

Remarks: the channel of the flow from the spring was widened and dams were put in at first to form small pools for watering the sheep; in late years, 150 feet of wooden troughs were put in at the expense of the Company; it is seldom that the water leaves the land of the Company.
