THE STATE OF NEVADA

PROOF OF APPROPRIATION OF WATER FOR STOCK WATERING PURPOSES

From LOWER CATTLE CAMP SPRING  
Name of natural water course

Through channel of flow of spring  
Name of ditch, pipe line, etc.

W. N. McGill, the undersigned, being first

duly sworn, deposes and says that the statements herein contained relative to the appropriation of water by The Adams-McGill Company are full and correct to the best of his knowledge and belief.

manager of The Adams-McGill Company

If proof is not made by claimant, deponent should state on this line by virtue of what authority he represents the claimant

(1) Name of claimant The Adams-McGill Company

Address Ely, County of White Pine

State of Nevada

(2) The means of diversion employed is dams and ditch

Dam and ditch, pipe line, flume, etc.

(3) The water is impounded in small reservoirs

Troughs, reservoirs, tanks, etc.

(4) The construction of the ditch or other works was begun in 1901

and completed in 1901

(5) The nature of the claimant's title to the land upon which the works are located is

on land owned by the Company through purchase

(6) The claimant's water right was (was not) recorded in the office of the County Recorder of

County, at Page of Book of

(7) The approximate number of animals watered by the claimant during the first year was 2,500

and said watering was conducted for an approximate period of 8 months days during each

of the following months April 1st to November 30th

(8) The approximate number of animals watered by claimant in subsequent years was as follows:  
approximately 2,500 sheep have been watering at this spring in subsequent years. This range has long been used by the Company as a lambing ground.

(9) The amount of water which it has been necessary to divert for the said purpose has been  $\frac{1}{20}$  cubic feet per second.  
40 minora inches equals 1 cubic foot per second

(10) The water is diverted from its source at S 69° 28' W, 26,400 feet from the NW corner of Section 5, T. 11N, R. 64E, Mount Diablo Base and Meridian.  
True bearing to nearest 5 minutes distance

NOTE—Information under (10) must invariably be given when a public corner is within 6 miles, unless the State Engineer consents to some other form of description.

(11) The works are located at W $\frac{1}{2}$  of SE $\frac{1}{4}$  Sec 12, T. 11N, R. 64E, M. D. M.  
Describe as within a 40-acre subdivision of public survey or by a tie in same manner as under (10)

Remarks: small dams were thrown across the widened channel of the flow of this spring, forming small pools from which the sheep drank; these pools have been kept up from year to year. The water does not usually flow off from land owned by the Company.
