

THE STATE OF NEVADA
PROOF OF APPROPRIATION OF WATER FOR IRRIGATION

From Thousand Springs Creek
Name of natural water source

Through Ditches Nos. 1 and 2
Name of ditch, flume, or pipe line

Warren L. Wattis, the undersigned, being first
duly sworn, deposes and says that the facts relative to the appropriation of water by The Utah Con-
struction Company (successor and grantee
to Vineyard Land & Stock Co.) are full and correct to the best of his

knowledge and belief. deponent is Secy. and Treas. of The Utah Construction Co. and
was Secretary & Treasurer of Vineyard Land & Stock Co. at the time

If proof is not made by claimant, deponent should state on this line by virtue of what authority he represents the claimant

of its dissolution. See remarks: #

(1) Name of claimant Vineyard Land & Stock Co.
Address Ogden, County of Weber
State of Utah

(2) The means of diversion employed Dams and ditches
Dam and ditch, pipe line, flume, etc.

(3) The date of the survey of ditch, canal, or pipe line was 1909 and 1915

(4) The construction of the ditch or other works was begun 1909
and completed each

(5) The dimensions of ~~the~~ ditch or canal as originally constructed were: Width on bottom 5
feet, width on top 8 feet, depth 1.5 feet, on a grade of 1.0 feet per thousand feet.

(6) The conduit ~~was~~ (has not) been enlarged.
NOTE—If enlargement or extension of ditch was made, supply information under (7) and (8)

(7) The work of enlargement of the ditch or canal was begun
and completed

(8) The dimensions of the ditch or canal as enlarged are: Width on bottom feet, width on
top feet, depth feet, on a grade of feet per thousand feet.

(9) The claimant is (~~is not~~) an owner in the above-described conduit.

Full owner

If claimant is an owner in the conduit, state interest held on this line

(10) The nature of the title to the land for which the water right is claimed is patents and
deeds of conveyance

(11) Crops of pasture
have been grown upon the land irrigated.

(12) The water has been used for irrigation from Feb. 15th to June 15th
Day of month Day of month
of each year. when available.

(13) The water was first used for irrigation by claimant or its grantors in the year 1875
having placed dams in the creek, and in the low swails, thus diverting
~~when the water was first irrigated in the~~ and making use of ~~of~~ See the flooding
method, all these lands listed below being creek bottom lands.

SE ¹ / ₄	7			Pasture	12.1
				Total	<u>175.9</u>

..... acres in the..... of Sec....., T....., R..... E.

Remarks:

Append a sheet if necessary

(15) The maximum acreage irrigated in any year was..... 175.9..... acres.

(16) The water claimed has (~~has not~~ been used for irrigation each and every year since the right was initiated.
Strike out one not wanted

(17) The years during which no water was used for irrigation or during which the full water right was not used were.....
If water was not used, or used in reduced quantity at any time, full information as to causes and duration

..... of non-use should be given, appending a sheet if necessary

(18) The claimant's water right was (was not) recorded in the office of the County Recorder of..... County, said record being at page..... of Book..... of

....., and being a claim for.....

..... of water for the irrigation of.....

acres of land in the following legal subdivisions:.....

NOTE—Failure to record in the county in no way invalidates a water right, but if ditch or right was so recorded, supply full information under (19)

(19) The map provided by the State Engineer and attached hereto as a part of this proof is hereby accepted as correctly showing the ditch lines or irrigation works diverting or conveying the water claimed and the lands irrigated.

(20) Water from the source given and through the works described is also used for the following purposes other than irrigation: stock water.

(21) The character of the soil is sandy loam The soil needs 4.5 acre-feet
(Sandy, gravelly, loam)
per annum to properly irrigate the crops. A continuous flow of 1.24 cubic feet of water per second, during the irrigation season of 6 months, is needed to irrigate each 100 acres of land.

(22) Remarks: This water is used and is to be used in conjunction
with water from reservoir under permit No. 2964, this right to
be for waters in excess of amount permitted in application

No. 2964, and placed on lands other than those listed under permit
No. 2964.

Vineyard Land & Stock Company was formerly the owner and
appropriator of this water right; but on December 24, 1921 it
conveyed, assigned and transferred the same, together with all
the land to which the same is appurtenant, and all of its
property of every sort to The Utah Construction Company, which
is the present owner and claimant of the said water and water
right. Vineyard Land & Stock Company had its charter revoked
by operation of law in April, 1923. The undersigned Warren L.
Wattis was a director and secretary and treasurer of Vineyard
Land & Stock Company at the time of and long prior to its
dissolution and is the secretary and treasurer of The Utah Constructon
Company.

In the year 1909 a new system of ditches was built,
through which the water has been diverted since that time,
since 1909 the rotation system of irrigating has been used.

Warren L. Wattis
