land, it should be stated.

Remarks This spring has been used to water livestock for over 100 years.
It is an important source of water for the operation of the ranch.
The location is such that the Pinto Creek grazing allotment can be
more fully utilized from this water source. The spring is cleaned
out from time to time by the ranch foreman, in order to maintain the
flow. This proof is being filed on a water source, previously covered by
Proof No. 01063 in the name Thomas Dixon and filed in the State Engineers
Office. This proof is being filed to update the owner of record in the
State Engineers Office and is based on continuous use, as described under
Proof No. 01063, by the present owner and his predecessors.

Remarks. The allotments commensurate property has patent dates from as early as 1876. Peter M. Keisch patented part of the Deeded land on 3/20/1876 as did Daniel A. High on 4/22/1879, Francisco Sagarini on 2/8/1890 and James Savery on 12/22/1888. This ranch has been a livestock operation running both cattle and sheep on this range since it was patented by the early settlers.

The undersigned, being first duly sworn, deposes and says that the facts relative to the appropriation of water by UNITED DRESSED BEEF, INC. are full and correct to the best of his knowledge and belief.
