

THE STATE OF NEVADA
PROOF OF APPROPRIATION OF WATER FOR
STOCK WATERING PURPOSES

FILED
Nov. 26, 1930
STATE ENGINEER'S OFFICE

02228

From.....spring in Golconda Canon.....
Name of natural water course

Through.....ditch.....
Name of ditch, pipe line, etc.

.....Joe Chabagno....., the undersigned, being first
duly sworn, deposes and says that the statements herein contained relative to the appropriation of water by
.....himself.....are full and correct to the
best of his knowledge and belief.

If proof is not made by claimant, deponent should state on this line by virtue of what authority he represents the claimant

(1) Name of claimant.....Joe Chabagno.....

Address.....Winnemucca....., County of.....Humboldt.....

State of.....Nevada.....

(2) The means of diversion employed is.....ditch.....
Dam and ditch, pipe line, flume, etc.

(3) The water is impounded in.....ditch.....
Troughs, reservoirs, tanks, etc.

(4) The construction of the ditch or other works was begun.....prior to 1880.....
and completed.....same year.....

(5) The nature of the claimant's title to the land upon which the works are located is.....
.....none, public domain.....

(6) The claimant's water right ~~was~~ (was not) recorded in the office of the County Recorder of.....
.....County, at Page.....of Book.....of.....

(7) The approximate number of animals watered by the claimant during the first year was.....60.....
and said watering was conducted for an approximate period of.....entire year.....days during
each of the following months.....

cattle?

(8) The approximate number of animals watered by claimant in subsequent years was as follows:

from 25 to 75 head each and every year since construction

(9) The amount of water which it has been necessary to divert for the said purpose has been

.05 cubic feet per second.

40 miners inches equals 1 cubic foot per second

(10) The water is diverted from its source at S. 83° 24' W., 2850 feet from

True bearing to nearest 5 minutes distance

the East 1/4 cor. corner of Section 10, T. 28 N., R. 39 E.,

Mount Diablo Base and Meridian.

Note—Information under (10) must invariably be given when a public corner is within 6 miles, unless the State Engineer consents to some other form of description.

(11) The works are located at the point of diversion

Describe as within a 40-acre subdivision of public survey or by a tie in same manner as under (10)

Remarks: This spring was formerly under fence, but after survey

was made found that it could not be included in the land entered

and fence was taken away from same. field was generally open so

that stock could enter for watering purposes
