

4TH AMENDED

THE STATE OF NEVADA
 PROOF OF APPROPRIATION OF WATER FOR IRRIGATION

Source Dolly Creek
Name of natural water source (use separate proofs for each major source)

The water is diverted from its source via Unnamed Ditch
Name of ditch, flume or pipe line

at the following point(s) within the SE¹/₄SW¹/₄ of Section 15, T. 43 N., R. 57 E., MDM, at a point
List all points of diversion from this source, appending a sheet if necessary

from which the NE corner of Section 35, T. 43 N., R. 57 E., MDM, bears S. 39°26' E., 13,840 feet.
Describe as being within a 40-acre subdivision of public survey, and by course and distance to a section corner. If on unsurveyed

land, it should be stated

(1) Name of claimant Newmont Gold Company

Address PO Box 669 County of Elko

State of Carlin, Nevada 89822

(2) The means of diversion employed diversion dam and ditches
Dam and ditch, pipe line, flume, etc.

(3) The date of the survey of ditch, canal, or pipe line was May 27, 1977

(4) The construction of the ditch or other works was begun 1894
 and completed 1894

(5) The dimensions of the ditch or canal as originally constructed were: Width on bottom _____
 feet, width on top _____ feet, depth _____ feet, on a grade of _____ feet per thousand feet. (Unknown)

(6) The conduit has not been enlarged.
NOTE - If enlargement or extension of ditch was made, supply information under (7) and (8)

(7) The work of enlargement of the ditch or canal was begun _____
 and completed _____

(8) The dimensions of the ditch or canal as enlarged are: Width on bottom _____ feet, width on
 top _____ feet, depth _____ feet, on a grade of _____ feet per thousand feet. (unknown)

(9) The claimant is (is not) an owner in the above-described conduit.

Total interest

If claimant is an owner in the conduit, state interest held on this line

(10) The nature of the title to the land for which the water right is claimed is _____

Fee Title

Fee simple, public domain, etc.

(11) Crops of Meadow Hay and Meadow have been grown upon the land irrigated. (e.g. alfalfa, native hay, grain, orchard, meadow or diversified pasture)

(12) The water has been used for irrigation from April 1 to October 31 of each year.
Day of month Day of month

(13) List the year of priority for acreage irrigated prior to March 1, 1905, from all points of diversion previously described, with corresponding subdivisions, appending extra sheets if necessary.

<u>DITCH</u>	<u>SEC.</u>	<u>1/4</u>	<u>1/4</u>	<u>T. N.</u>	<u>R. E.</u>	<u>ACRES</u>	<u>TYPE OF CULTURE</u>	<u>DATE OF CULTURE</u>
1	15	SW	SE	43	57	2.89	Pasture	1894
1	15	SW	SE	43	57	9.92	Harvest	1894
1	22	NW	NE	43	57	2.48	Pasture	1894

(14) The maximum acreage irrigated in any year was 15.29 acres.

(15) The water claimed has been used for irrigation each and every year since the right was initiated. Strike out one not wanted

(16) The years during which no water was used for irrigation or during which the full water right was not used were None
If water was not used, or used in reduced quantity at any time, full information as to causes and duration

of non-use should be given, appending a sheet if necessary

(17) The claimant's water right was not recorded in the office of the County Recorder of _____ County, said record being at page _____ of Book _____ of _____, and being a claim for _____ of water for the irrigation of _____ acres of land in the following legal subdivisions: _____

NOTE - Failure to record in the county in no way invalidates a water right, but if ditch or right was so recorded, supply full information under (17)

(18) Water from the source given and through the works described is also used for the following purposes other than irrigation: Stockwater and Domestic

(19) The character of the soil is sandy loam. A continuous flow of 2½ cubic feet of water per second has been used to irrigate 100 acres of land and 4.0 acre-feet per acre per annum have been used to irrigate the crops.
(Sandy, gravelly, loam)

(20) Remarks: The Elko County Tax Roll show that J.H. Call was on Dolly Creek in 1894, consisting of 4 miles of fence, building, and water ditches. We are claiming 1894 water rights.

The undersigned, being first duly sworn, deposes and says that the facts relative to the appropriation of water by Newmont Gold Company

are full and correct to the best of his knowledge and belief Deponent has been authorized by
If proof is not made by claimant, deponent should state
the claimant to act as his agent
on this line by virtue of what authority he represents the claimant

Item 20 - Remarks

The following is a summary of information gathered in order to establish an approximate date of priority. The other information confirming the use of water and cultures grown has also been collected and enclosed. However, this information has not been included in this summary.

Bruneau River & Willow Creek-Affidavit states that Mr. Charlie Pearson and Mr. Jesson built the reservoir (Charleston Reservoir) in 1894 and irrigated lands from these two sources. Refer to Affidavit in Book 242, Page 532 recorded in Elko County.

Badger Creek-Affidavit states use of water for mining purposes in 1893 by C.E. Pearson. Refer to Affidavit in Water Rights Book No. 2, Page 183 recorded in Elko County.

Also refer to Affidavit in Book 242, Page 530 of Elko County indicating irrigated lands well established in 1910 when Alex Palacio's father owned this land.

Cottonwood Creek-Affidavit states use of water for mining purposes in 1900 by D.F. and A.P. Shively. Refer to Water Rights Book No. 2, Page 365 recorded in Elko County.

Bruneau River at Miller Creek and Miller Creek-Affidavit states waters from Miller Creek and Bruneau River were used for irrigation in the late 1800's. Refer to Book 242, Page 528 recorded in Elko County.

Irrigation from Miller Creek and Bruneau River also mention in Affidavit under Book 242, Page 533 of Elko County.

Affidavit states use of water for mining purposes in 1893. Refer to Water Rights Book No. 2, Page 206 recorded in Elko County.

Bruneau River at Rowland and McDonald Creek-Affidavit states that waters from these sources were used for irrigation as far back as 1890. Refer to Book 242, Page 528 of Elko County.

Further research is needed in order to clearly define priorities for the remaining points of diversion and sources of water. However, we uphold our claim that water use under these points and source was initiated prior to 1900.
