**ADDITIONAL SUPPORTING REMARKS REGARDING THIS PROOF'S FILING**

From a search of available records the precise date of the commencement of work on Florio Spring and its tributaries is not determinable; however, the Eureka County Tax Assessment Records establish that the works were complete and in place in sufficient time to be assessed taxes in 1875.

Prior to filing the original Proof of Appropriation, the predecessor-in-interest to the Claimant filed Application 40159, which was permitted and subsequently certified as Certificate No. 12930.

Commencing in December 2013 the Claimant made substantial improvements to the source and water works associated therewith. Those improvements were completed on or before December 2013. The total cost of work, including improvements to other sources (i.e. Gorman Spring, Lucky Spring, Lanie Spring, Prospect Spring, Summit Spring and Fred Spring) was \$2,936,200, more or less.
