

THE STATE OF NEVADA
PROOF OF APPROPRIATION OF WATER FOR
STOCK WATERING PURPOSES

(1) Name of claimant Incline Village General Improvement District
893 Southwood, P.O. Drawer P of Incline Village,
Street and No. or P.O. Box No. City or town
Nevada 89450
State and Zip Code No.

(2) Source of water Saratoga Hot Springs
Name of natural water source.

(3) The water is diverted by not diverted, see item #4
Dam, ditch, pipe line, natural channel, spring area, etc.

(4) The water is diverted at the following point(s) the water flows via natural stream bed
Describe as being within a 40-acre subdivision of public survey, and by course and distance to a section corner. If on unsurveyed land it should
onto IVGID property. See Permit Application #49702, Item #5 for diversion point.
be stated. Diversion over a channel reach must be described by course and distance to a section corner for both the beginning and end of such
reach.

(5) The water is impounded in sloughs and small ponds
Troughs, tanks, pools, reservoir, natural channel, etc.

(6) The construction of the ditch or other works was begun
Date
and completed Not Applicable
Date

105
DO

(7) The nature of the claimant's title to the land upon which the source of water and place of use
are located is by Deed of Trust
Patented, deeded, public domain with grazing permit, etc.

(8) The claimant's water right was (was not) recorded in the office of the County Recorder of
County, at Page of Book of
NOTE—Failure to record in the county in no way invalidates a water right, but if water right was so recorded, supply full information under (8).

(9) The approximate number of animals watered by the claimant during the first year 1860+,  
Date  
was 100+ cattle.....horses.....sheep or.....<sup>Other</sup>..... The watering  
was conducted during each of the following months Spring & summer, probably May  
through September

(10) The approximate number of animals watered by the claimant in subsequent years was as follows:

About 50 to 100 head of cattle each year were grazed in this area by the  
If water was not used, or used in reduced quantity at any time, full information as to causes and duration of non-use should be given.  
Danberg Ranch since cattle grazing started in the 1860's.

(11) The amount of water which has been necessary to be diverted for this purpose has been  
0.78 cubic feet per second.  
448.83 gal. per min. equals 1 cubic foot per second.

(12) The works are located at See item #6, Permit Application #49702  
Describe as being within a 40-acre subdivision, section, township and range of public survey. If on unsurveyed  
land, it should be stated.

Remarks A series of ponds and channels were constructed on this property for the  
purpose of storing water for cattle watering and wildlife habitat. These ponds  
were built in the late 1950's. In 1983, larger ponds and channels were constructed.

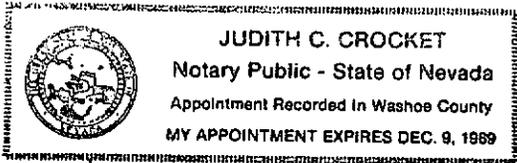

Remarks .....

The undersigned, being first duly sworn, deposes and says that the facts relative to the appropriation of water by the Incline Village General Improvement District are full and correct to the best of his knowledge and belief.

I, Joseph Borgerding, am an employee of the Incline Village General Improvement District, with authority to represent the District.

If proof is not made by claimant, deponent should state on this line by virtue of what authority he represents the claimant.
