

THE STATE OF NEVADA

PROOF OF APPROPRIATION OF WATER FOR IRRIGATION
Wildlife and Wildlife Propagation

Source Saratoga Hot Springs
Name of natural water source (use separate proofs for each major source)

The water is diverted from its source N/A
Name of ditch, flume or pipe line
at the following point(s) not diverted

List all points of diversion from this source, appending a sheet if necessary
The water flows within a natural streambed onto IVGID property
Describe as being within a 40-acre subdivision of public survey, and by course and distance to a section corner. If on unsurveyed

land, it should be stated
SE1/4 SW1/4, Section 21, T14N, R20E M.D.B & M; or at a point from which
the S1/4 corner of said Section 21 bears S. 50° 22' E., 570.7 feet

(1) Name of claimant Incline Village General Improvement District
Address 893 Southwood Blvd., I.V., County of Washoe
State of Nevada Telephone No. (702) 832-1209

(2) The means of diversion employed Natural stream bed
Dam and ditch, pipe line, flume, etc.

(3) The date of the survey of ditch, canal, or pipe line was N/A

(4) The construction of the ditch or other works was begun N/A
and completed

(5) The dimensions of the ditch or canal as originally constructed were: Width on bottom N/A
feet, width on top feet, depth feet, on a grade of feet per thousand feet.

(6) The conduit ~~has~~ ^{has not} been enlarged.
NOTE—If enlargement or extension of ditch was made, supply information under (7) and (8)

(7) The work of enlargement of the ditch or canal was begun N/A
and completed

(8) The dimensions of the ditch or canal as enlarged are: Width on bottom N/A feet, width on
top feet, depth feet, on a grade of feet per thousand feet.

(9) The claimant is (is not) an owner in the above-described conduit.
N/A

If claimant is an owner in the conduit, state interest held on this line
(10) The nature of the title to the land for which the water right is claimed is
Fee Simple
Fee simple, public domain, etc.

(11) Crops of Natural Wetland
have been grown upon the land irrigated. (e.g. alfalfa, native hay, grain, orchard, meadow or
diversified pasture)

(12) The water has been used for irrigation from 1 January to 31 December
of each year. Day of month Day of month

	,	acres in the	of Sec.	T.	R.	E.

(14) The maximum acreage irrigated in any year was 906 acres.

(15) The water claimed has ~~has not~~ Wildlife and Wildlife Propagation been used for irrigation each and every year since the right was initiated. Strike out one not wanted

(16) The years during which no water was used for irrigation or during which the full water right was not used were N/A

If water was not used, or used in reduced quantity at any time, full information as to causes and duration of non-use should be given, appending a sheet if necessary

(17) The claimant's water right was ~~was~~ recorded in the office of the County Recorder of County, said record being at page of Book of

, and being a claim for of water for the irrigation of

acres of land in the following legal subdivisions:

.....

.....

.....

.....

NOTE—Failure to record in the county in no way invalidates a water right, but if ditch or right was so recorded, supply full information under (17)

(18) Water from the source given and through the works described is also used for the following purposes other than irrigation: Support of wildlife habitat and wildlife propagation in natural and man altered wetlands belonging to claimant.

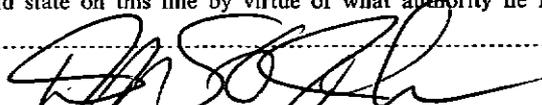

(19) The character of the soil is loam A continuous flow of 0.78 cubic feet of water per second has been used to irrigate 906 acres of land and N/A acre-feet per acre per annum have been used to irrigate the crops.

(20) Remarks: Existence of wildlife and wildlife propagation in wetlands has been supported by the Saratoga Hot Springs since time immemorial (prior to October 31, 1864). The water flows through its natural low path through natural channels, ditches, and a series of natural and man altered ponds and marshes to provide wildlife and waterfowl habitat, nesting and propagation. The spring water is supplemented by about 1.9 cfs of treated wastewater effluent imported from The Tahoe Basin and discharged into segregated wetland cells to support the existing 906 acre wetland project - See attached for list of wildlife sighted by amateur naturalists employed by Claimant's Utility Department.
All water flowing from the Saratoga Hot Springs are claimed by claimant
Use map on file under permit number 49702 which shows point of diversion and the entire 906 MOL acre wetland project. The filing of this document does not waive any rights or legal rights of claimant.

The undersigned, being first duly sworn, deposes and says that the facts relative to the appropriation of water by Claimant are full and correct to the best of his knowledge and belief.

If proof is not made by claimant, deponent should state on this line by virtue of what authority he represents the

claimant
