(20) Remarks: CLAIM FOR VESTED RIGHT  
In 1916, a well was drilled in the NE 1/4, NW 1/4 of Section 8, Township 15 North, Range 20 East, M.D.B.&M., which is now known as the Crestview Mobile Home Park, 600 Hot Springs Road, Carson City, Nevada. When the well was drilled it was artesian and produced 8 to 10 gallons per minute of water. For many years thereafter, the well was used to water about 50 head of cattle and also irrigated about 1 acre of pasture land. This claim of vested right is for 1.12 acre feet of water that watered the cattle and 4 acre feet of water to water the pasture for a total of 5.12 acre feet. See Affidavit of Henry R. Michels, III attached hereto. The water was used in this manner until some time in the 1950's. At that time a new well was drilled and the water was used for a mobile home park. The mobile home park has used 12.35 acre feet of water for the past several years. See Exhibit "B", an areal photo flown on September 5, 1959 and Exhibit "C", an areal photo flown on June 15, 1982. The present use of the water is quasi municipal.

The undersigned, being first duly sworn, deposes and says that the facts relative to the appropriation of water by Leland Doan are full and correct to the best of his knowledge and belief.

If proof is not made by claimant, deponent should state on this line by virtue of what authority he represents the
