land, it should be stated.

Remarks From our research we have found that Certificate 1244 has been issued on MeaDOW Spring #2, also known as Meadow Spring, however, the description of this spring on said Certificate 1244 puts it's location in an area where no springs exist. Therefore, we feel that the location of this spring is as noted on this Proof and that the description of the spring on Certificate 1244 is in error.
