undetermined as all documents do not require the  
claimant to disclose how many cows, horses, etc. he waters.  
(grazing only)

Since we have had the property we have had at least  
100 head of cattle and from 1-15 horses drink from the  
water on property. The numbers of cattle and horses  
have been reduced to smaller amounts when the people  
we have rented or leased pasture to have moved on. We have  
had at least 1 to 2 antelope also get water.

(11) The amount of water which has been necessary to be diverted for this purpose has been

0.0051 cubic feet per second.  
448.83 gallons per minute equals 1 cubic foot per second.

(12) The works are located at NE 1/4 SW 1/4 of Section 34 T. 45 N. R. 19 E.  
Describe as being within a 40-acre subdivision, section, township and range of public survey. If on unsurveyed

land, it should be stated.

Remarks Casey Spring is the unnamed Spring marked  
1 (3, 211.1') on the enclosed map.

Enclosed with the original filings are various  
documents we found concerning our property and the  
presence of Springs and/or wells.

Several of the documents mention a water  
source present on the property. A couple just mention the  
name of the owner at that time.

Remarks Although our water sources may be  
diverted by some form, it all comes from the  
ground.

The people who have had the property  
before us have had some livestock. The numbers  
are undetermined as most property related  
documents do not require an owner or buyer  
to disclose how many cows, horses, etc. that  
person will have to water.

The undersigned, being first duly sworn, deposes and says that the facts relative to the appropriation  
of water by

are full and correct to the best of his knowledge and belief.

If proof is not made by claimant, deponent should state on this line by virtue of what authority he represents the claimant.
