Remarks [Improvements, title, etc.]

This source is used jointly with Duval Ranching Company.

In order to obtain a permit to graze upon the National Forest lands, it was required that a livestock and property owner make use upon those lands prior to their reservation in 1905. Any transfer of that permit to the present-day owner or claimant herein required the purchase of hay-producing land and/or livestock associated with that original permit. Based upon this regulatory requirement, a priority of 1904 is claimed. The early season of use was May 8 to October 15 of each year. However, since the inception of deferred rotation grazing, the numbers and seasons of use vary from year to year.

The undersigned, being first duly sworn, deposes and says that he owns or controls the livestock presently watered by the Claimant, and that the facts relative to the proof of subsisting right by S & D Company are full and correct to the best of his knowledge and

belief [If proof is not made by claimant, deponent should state on this line by virtue of what authority he represents the claimant.] Deponent is executing this proof in his capacity as a partner.
