Addendum to Livestock Numbers and Priority

In the original filing, it was stated water was also used for stockwater.

The priority of said use is from a number of predecessors as follows:

C.E. Butler - 1892 - Elko County Tax Roll

W.D. Martin - 1894 - Elko County Tax Roll

Walt Martin - 1894 - Gold Creek News reports him ranching on Poorman Creek - sold with 40 head of cattle.

Daniel Murphy - 1884 - The Decree of Distribution in the Estate of Daniel Murphy recorded in Book 12 of Miscellaneous Records distributed approximately 2,000 head of JP cattle and 2,600 head of Diamond A cattle. His date of death is June 1, 1884. Bernard Murphy conveyed to Daniel Murphy all cattle owned in Nevada by conveyance dated 2/19/77 and recorded in Book 2 of Miscellaneous Records at Page 719, Elko County. The year of 1884 is a conservative estimate of priority. Use in area is evidenced by a ditch location filed on behalf of Murphy and Hill showing irrigation use of Penrod Creek in 1880.

Warren W. Williams - 1891 - Nevada's Northeast Frontier by Edna Patterson, et al., provides information as to dates of priority and numbers of livestock. A priority of 1891 in the Owyhee River Basin with numbers as high as 60,000 sheep for a short period of time is indicated.

W.T. Jenkin Co. - Early Forest Service records indicate 15,000 sheep in the area prior to 1905.

The area of this claim was used by the above predecessors. For the purpose of this claim the priority dated is amended to 1884 with 175 head of cattle May 15 to November 15.
