The Bruneau Sheep Company was formed by H.J. Jones and F.S. Gedney, as evidenced by deed dated May 13, 1915 and recorded in Book 35 of Deeds at Page 338, Elko County, Nevada. In tracing the operation back to an earlier date, the tax assessment rolls of Elko County reveal that

RECEIVED

STATE ENGINEERS OFFICE

in 1907, H.J. Jones was assessed for 5,000 sheep. Those same records for the year 1905 show an assessment to J.S. Martin, together with 3,000 sheep.

In an attempt to verify the numbers shown above, records of the Humboldt National Forest were reviewed. The Forest headquarters maintained a short record on a card form entitled, "Paid Permit Card Record". A review of these records reveals that no grazing records are available for that area until 1912, at which time the use paid was for 7,500 sheep for the period of June 15 to October 15, which as increased to 10,000 sheep in 1913. This number is corroborated in a Chattel Mortgage executed by F.S. Gedney and H.J. Jones to Manuel J. Triguero dated March 29, 1911 and recorded in Book 5 of Chattel Mortgages at Page 575, listing as security 7,210 sheep located in Northern Elko County and Southern Idaho.

The publication entitled Nevada's Northeast Frontier, by Patterson, Ulph & Goodwain (Page 331), reports that in the 1940's, this company purchased a portion of the Burr Stewart operation at Yankeeville Summit, and bands summered there.

It is determined that Manuel J. Triguero was a predecessor of Bruneau Sheep Company, as evidenced in a deed executed in 1911. M.J. Triguero sold certain described lands to W.A. Mears, who in turn conveyed to F.S. Gedney. By deed described above, F.S. Gedney conveyed those to Bruneau Sheep Company. As to numbers and priority, the earliest evidence of M.J. Triguero is found by a Chattel Mortgage executed by him to W.T. Smith Company, dated September 12, 1901 and recorded in the Elko County Recorder's office. The security was 2,500 sheep grazed in the Gold Creek-Mountain City area for the better part of the year, and in Idaho in the Winter.

The number of sheep grazed is corroborated in the 1904 Tax Roll of Elko County, Nevada, which assesses him for 2,500 sheep.

From the above, it appears that the Bruneau Sheep Company was primarily formed from the Triguero operation and the Martin operation, with Triguero having a priority of at least 1901 for 2,501 sheep, and Martin a priority of 1904 for 3,000 sheep. As is noted, the company probably acquired some R.B. Stewart priority. However, as the Forest Service permits were supposedly based on numbers run prior to the establishment of the Forest Reserve, a total use of 7,500 sheep as shown in the 1912 permit seems appropriate.

There were other permittees in the area who were predecessors of the Simplot operation. They are:

R.B. Stewart - Licensed in 1918 for 6,632 sheep in Telephone Spring and Jungle Creek areas June 16 to October 15. This is believed to be those sheep which were actually operated with John H. Carter. An indication of the numbers run are given in a Chattel Mortgage dated October 31, 1910, executed by R.B. and Lillian Stewart and John H. and Pearl H. Carter to Henderson Banking Company, recorded in Book 5 of Chattel Mortgages at Page 314, Elko County, giving as security 12,000 sheep. Pursuant to the Act of 1925 (N.R.S. 533.495) a number of range claim maps were filed with the State Water Engineer. The J.H. Carter Estate filed such a map (Map 623-24) and in this showed their area of use to be within T. 42 through 47 N., R. 53 through 56 E., MDM.

William F. Ross - There is considerable evidence of extensive sheep use in the area. For example, the Nevada's Northeast Frontier refers to Hurby & Patterson, who conveyed to W.F. Ross. A conveyance dated November 5, 1894 and recorded in Book 23 of Deeds at Page 69, conveys from the heirs of William F. Ross to W.F. Ross Company, property in Mountain City and a livestock operation consisting of 510 cattle and 22,820 sheep. These livestock apparently ran a portion of the time in the Mountain City-Gold Creek-Jarbidge area. However, no chain of title past W.F. Ross Company is found.

Within the U.S. Forest, the applicant is claiming a right prior to January 1, 1905, based on the premise that any present permittee upon the U.S. Forest must be successor in interest to persons making use upon forest lands at the time of withdrawal of said lands, which was in 1905; claimant is that successor in interest. This is confirmed by the U.S. Forest Service in a protest in 1939 (copy of Protest attached).

Enclosed is an affidavit from William I. Tindall.
