(20) Remarks The un-named spring has been used to irrigate the
aforementioned acreage from 1858 to the present. Other ruminants
of water from the spring have been used for stock watering during
this same time. The spring was also used to fill the V & T
Railroad tank (refer to supporting map for location) from the
years 1870 - 1950, accounting for those portions of the spring
production not used for irrigation during these years. Currently
the water flows from the un-named spring, unassisted, down a
natural channel into a collection pond. From the pond, water is
let out via a 2" PVC pipe into a nearby irrigation ditch from
which the said acreage is irrigated.

The undersigned, being first duly sworn, deposes and says that the facts relative to the appropriation of water by Michael B. Winkel & Julie K. Winkel are full and correct to the best of his knowledge and belief.
