Remarks [Improvements, title, etc.] This claim is associated with two ranch properties, one being known as the Goodfellow or Cross Ranch and the other being known as the Knight Ranch, a portion of the JD Ranch. The Goodfellow Ranch was acquired by Floyd Slagowski, one of the original incorporators of the claimant in 1946 and the corporation acquired the Knight Ranch in 1993. (See chain of title attached to Affidavit of Walter I. Leberski filed herein.)

The basis of this claim is documentation contained in old

files of the Bureau of Land Management, copies of which are attached to the Affidavit of Walter I. Leberski.

George Goodfellow stated that he ran upon the range all the cattle that the hay crop would carry in his application for grazing permit dated March 27, 1935. He further states that at that time he owned 1,100 cattle which grazed in Pine Valley. This number of cattle is substantiated in a February 1870 issue of Elko Independent newspaper, which states that the Bradleys, predecessors to the claimant, ran from 1,500 to 2,000 cattle beginning that operation in 1864. These numbers are further substantiated by tax records maintained in the Office of the Eureka County Treasurer as to numbers of livestock assessed to the owner of the ranch property. Paul Lane, a predecessor in interest, was assessed for numbers during the years specified as follows:

<u>Year</u>	<u>Cattle</u>	<u>Horses</u>
1895	725	100
1896	1,000	100
1897	900	100
1898	600	100
1899	600	100.

As to priority, George Goodfellow states that the range had been used for 66 years prior to 1935 or starting at 1869 which date is comparable to the newspaper account referred to above.

As to season of use, Goodfellow states it is April 1 to December 1.

The claimant purchased property which is known as the Knight Ranch in 1993. The early owners of this ranch and additional property were Winzell and Cockrill. A chain of title attached to the Affidavit of Walter I. Leberski indicates that this property started using the range on or before 1887. Although this ranch was some 24 miles from the Goodfellow property (see Affidavit of E. R. Henderson attached to Affidavit of Walter I. Leberski), the cattle from that ranch intermingled on the range with those of Goodfellow. Therefore, upon acquisition of the Knight Ranch, the claimant acquired some of the use area of Winzell & Cockrill.

Grazing licenses issued by the Bureau of Land Management (formerly Grazing Service) show that George Goodfellow had a right for 415 cattle and horses and Stephen Damele, successor to Winzell

& Cockrill for 800 cattle. It is noted that only 50% of the 800 cattle were licensed in the Elko Grazing District, which would indicate 400 cattle in the area of the sources of water of Sheep Creek and Big Pole Creek. From the total of 815 livestock (415 livestock from Goodfellow and 400 livestock from JD Ranch) and from experience in managing livestock in the area, it is the opinion of the claimant that 75 cattle used the source of Sheep Creek and 100 cattle the source of Big Pole Creek. The remaining numbers of livestock grazing the general area of open range used other water sources.

For chain of title of the ranch properties, evidence of numbers of livestock and other references herein, refer to documents attached to the Affidavit of Walter I. Leberski.

The undersigned, being first duly sworn, deposes and says that the corporation owns or controls the livestock presently watered by the Claimant, and that the facts relative to the proof of subsisting right by Slagowski Ranches, Inc. are full and correct to the best of its knowledge and belief [If proof is not made by claimant, deponent should state on this line by virtue of what authority he represents the claimant.] _____
