(Sandy, gravelly, loam)

(20) Remarks. These springs form part of the waters of Squaw Valley Creek and were first beneficially used in 1887. Proofs of appropriation 01280 and 01281 were filed in 1913 by Gerlach Livestock Company for the waters of Squaw Creek and Clear Creek. Although there were lands irrigated along upper Squaw Creek, the original proofs and supporting maps prepared by H.L.^{nv} Intyre did not properly list and illustrate the lands irrigated. Subsequently new maps were prepared by F.B. Stewart of the State Engineers Office. These maps are on file in the office of the State Engineer. Attachment "A" is a letter dated June 17, 1916 from Gerlach Livestock Company that details the problems with the maps. A copy of a 1915 courtdecree declaring Gerlach Livestock Company as being entitled to the entire flow of Squaw Valley Creek and all tributaries is being submitted under the accompanying proof.

The undersigned, being first duly sworn, deposes and says that the facts relative to the appropriation of water by Bright-Holland Corporation, A Nevada Corporation are full and correct to the best of his knowledge and belief.

Deponent is an employee of Theil Engineering Consultants (TEC). TEC has been hired by the Bright-Holland Corporation to act as their agent. Dis not made by claimant, deponent should state on this line by virtue of what authority he represents the claimant.
