(20) Remarks

The original diversion dam has been washed out by storms over the years. Remnants of the dam remain at the original point of diversion. The trace of the ditch can be followed from the dam to a point at Jersey Hot Spring "F", where the ditch feeds into the pipeline which transports water to Home Station Ranch (the place of use).

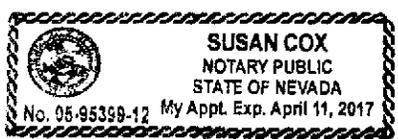

The undersigned, being first duly sworn, deposes and says that the facts relative to the appropriation of water by Mike and Barbara Stremler are full and correct to the best of his knowledge and belief.
