

STATE OF NEVADA

**PROOF OF APPROPRIATION OF WATER FOR STOCK WATERING
OR WILDLIFE PURPOSES**

(1) Name of claimant Duncan Family 2002 Trust
6500 Old Emigrant Rd. of Lovelock,
Street Address or PO Box City or Town
Nevada 89419
State and ZIP Code

(2) Source of water Sportsman Spring
Name of natural water source

(3) The water is diverted by:
Natural spring, and via pipeline into a trough

Dam, ditch, pipe line, natural channel, spring area, etc.

(4) The water is diverted at the following point(s):
NE1/4NW1/4, Sec. 8, T29N, R31E, MDM

Describe as being within a 40-acre subdivision of public survey, and by course and distance to a section corner. If on unsurveyed land it should be stated.
Diversion over a channel reach must be described by course and distance to a section corner for both the beginning and end of such.

(5) The water is impounded in metal water trough
Troughs, tanks, pools, reservoir, natural channel, etc.

(6) The construction of the ditch or other works was begun Natural spring prior to 1905, and other works beginning in 1962
and completed Natural spring prior to 1905, and other works in approximately 1962
Date

(7) The nature of the claimant's title to the land upon which the source of water and place of use are located is:
The land was grazed by claimant's predecessors as part of the public domain. This property comprises a portion of claimant's grazing license and allotment.

Patented, deeded, public domain with grazing permit, etc.

(8) The claimant's water right was not recorded in the office of the County Recorder of
County, at Page of Book of

NOTE - Failure to record in the county in no way invalidates a water right, but if water right was so recorded, supply full information under (8).

(9) The approximate number of animals watered by the claimant during the first year prior to 1865
Date
was 100 cattle horses sheep or wildlife (describe)

The watering was conducted during each of the following months:
Unknown

*Lovelock 4/1/04
4-13
Pc*

(10) The approximate number of animals watered by the claimant in subsequent years was as follows:
100 or more head of cattle

If water was not used, or used in reduced quantity at any time, full information as to causes and duration of non-use should be given.

(11) The amount of water which has been necessary to be diverted for this purpose has been

0.0031 cubic feet per second.

448.83 gallons per minute equals 1 cubic foot per second

(12) The works are located at:

NE1/4NW1/4, Sec. 8, T29N, R31E, MDM

Describe as being within a 40-acre subdivision, section, township and range of public survey. If on unsurveyed land, it should be stated.

Remarks

See Coal Canyon Poker Brown Allotment Water Use Summary, and Affidavit of Water Use Abigah E. Duncan

The undersigned, being first duly sworn, deposes and says that the facts relative to the appropriation of water by Abigah Duncan and predecessors are full and correct to the best of his/her knowledge and belief.

If proof is not made by claimant, deponent should state on this line by virtue of what authority he/she represents the claimant.

Patricia Speer Notary Public in and for the County of Pershing

My commission expires May 1, 2016

**AFFIDAVIT OF WATER USE
ABIGAH E. DUNCAN
RE: SPORTSMAN SPRING**

State of Nevada)
) ss.
County of Pershing)

I, Abigah Elum Duncan, do hereby swear, under penalty of perjury, that the assertions of this affidavit are true to the best of my knowledge and belief:

1. My name is Abigah Elum Duncan or “Bige,” and sometimes referred to as AE Duncan or Abigah Elum Duncan Sr.
2. I am a resident of Pershing County, Nevada. My address is 6500 Old Emigrant Road, Lovelock, NV 89419. My phone number is 775-273-0855.
3. I was born in Duncan, Arizona on February 25, 1920. As of the date of this affidavit I am 93 years old.
4. I make this affidavit in support of claiming a vested water right for stock water on the Coal Canyon-Poker Allotment, USDI, BLM Permit #00104.

Real Property Ownership

5. In 1946 I acquired property in Pershing County, Nevada. Before that time, I lived on a ranch in Kingman, Arizona with my parents Gus and Nora Duncan. In July of 1946, the drought forced us to relocate, so we loaded all of our stock onto railroad cattle cars and I rode the train with the livestock headed north. The stock and I departed the train in Lovelock, Nevada. From there, my parents and I drove (via horseback) our livestock to Kitten Springs. We camped out with the livestock on the Kitten Springs ranch until I purchased the Salinas Ranch in October of 1946.
6. The ranch property I acquired is described as the Salinas Ranch, now known as the Duncan Ranch and is more particularly described as more than 4900 acres located in Pershing County, Nevada; our various parcels are located within T28N R32E, T29N R32E, T29N R33E MDM, and 80 acres in T32N R34E MDM. Our private property is located south of Rye Patch Dam along the Humboldt River in Pershing County. See Exhibit 1.
7. At the time I acquired the property it was understood that I purchased a 485 head permit, including all water, water rights, ditch, ditch rights, range, range rights and grazing permits. I have purchased additional railroad parcels since that time.

8. The Duncan Ranch is currently titled to the Duncan Family 2002 Trust and is operated by Bige, Maxine, Dan, Joan, and Abigah John "AJ" Duncan.

Grazing Use and Grazing Preference

9. As part of my ranching operation, I first began grazing cattle and horses on the Star Peak Allotment in 1946. The Star Peak Allotment was located on the east side of the railroad. There were no fences on the allotments and I grazed our cattle with other permittees on the allotments. In 1954, I sold some of my property in the Star Peak Allotment and moved to the Rochester Allotments.
10. In 1946, the grazing season of use was from November 1st to June 30th. At the end of the grazing season, the cattle were brought to our private ground along the Humboldt River, where they remained from July 1st to October 31st. Each year we repeated this cycle, continuing to turn out the cattle onto the allotment from November to June and bring the cattle to the river from July to October.
11. In 1960, I acquired a railroad lease from Henry Brink on the west side of the railroad in the Poker allotment. Later in the 1960s, I acquired William "Bill" Able's grazing permit on the west side of the railroad in the Poker Allotment. A map and documents from the BLM of the grazing area are attached as Exhibit 2. I continued the November to June grazing pattern from 1946 until 1967 in the Poker Allotment.
12. In 1967 the United States Department of Interior, Bureau of Land Management ("BLM") adjudicated the grazing rights for the Rochester and Poker Allotments. The adjudication was completed in 1971.
13. As a result of the BLM adjudication, the Rochester Allotment and Poker Allotment were fenced and I was issued a grazing permit known as the Coal Canyon Poker Allotment Permit #00104. I relinquished some of my grazing ground in the Rochester Allotment, on the east side of the railroad to the other permittees in exchange for BLM fencing my allotment, as well as to become the sole permittee in the Coal Canyon Poker Allotment. A map of my grazing allotment is attached as Exhibit 3, and a copy of my grazing permit is attached as Exhibit 4.
14. My grazing permit authorizes me to run 2587AUMs year around, utilizing different pastures or locations within the allotment at different times of the year. We continue to bring the cattle to our private ground along the Humboldt River from July 16th until October 31st. November 1st we turn the cattle out on our range rotating from the west side of the railroad to the east side of the railroad each year.
15. Since 1946, I have made continuous use of the grazing preferences on the Coal Canyon Poker Allotment.
16. I, or my son, have made continuous use of our grazing preference pursuant to the terms of the grazing permit since 1946 to the present day.

Water Use

17. One of the primary water sources for stock use that supports my grazing rights under Grazing Permit #00104 on the Coal Canyon Poker Allotment is known as Sportsman Spring.
18. Sportsman Spring is located in NE1/4NW1/4, Sec 8, T29N, R31E, MDM. See Exhibit 5.

19. Stock water from Sportsman Spring is diverted from the natural spring in the NE1/4NW1/4, Sec 8, T29N, R31E, MDM.
20. Water from Sportsman Spring is delivered via a pipe from the natural spring and impounded in one trough located in NE1/4NW1/4, Sec 8, T29N, R31E, MDM
21. Construction of the new delivery and impoundment structures associated with Sportsman Spring began in June 1962. Construction of the described works was completed in cooperation with the BLM. This is evidenced in the 1962 BLM Cooperative Agreement between BLM and Abigah Duncan wherein Duncan was to furnish 50' pipe and labor to install spring box, pipe & trough. BLM was to dig trench line with backhoe, furnish barrels for spring box and to furnish trough. Exhibit 6.
22. Prior to the new delivery and impoundment, water was used by the stock in the natural stream channel. The stock use began prior to 1864. In that year, J.B. Brown utilized water from then unnamed spring, now Sportsman Spring, for watering of his cattle.
23. Since 1962 I, or my son Dan, have made continuous use of water from Sportsman Spring for stock water use.
24. Every other year, we use this source of water. Generally up to 100 head of cattle water at this spring.
25. We have used water in this manner from Sportsman Spring every other year in conjunction with our grazing permit from 1962 to the present day.

26. Every other year we perform routine maintenance on the spring for continued efficient stock water use. The 1962 BLM Cooperative Maintenance Agreement provides an indefinite term for spring maintenance by Duncans.

DATED this 24 day of March, 2013.

Abigail Elum Duncan

PERSHING COUNTY

IN REPLY REFER TO:

UNITED STATES
DEPARTMENT OF THE INTERIOR
BUREAU OF LAND MANAGEMENT
POST OFFICE BOX 71
WINNEMUCCA, NEVADA 89445

NOTICE OF ADVISORY BOARD RECOMMENDATION

CERTIFIED MAIL # 10,390
RETURN RECEIPT REQUESTED

December 14, 1967

Marvin Myers
Unionsville Star Route
Islay, Nevada 89415

Dear Mr. Myers:

The Advisory Board of the State of Nevada, Winnemucca Grazing District Number 2, on December 6, 1967 when reviewing the range divisions, allotment management plans, and future range improvement program in the Rochester Unit considered the following information:

In the interest of developing allotment management plans, the Bureau with mutual consent on the majority of the range users negotiated a range division to establish the Coal Canyon and Rochester Common Allotments in the Rochester Unit. These allotments were proposed considering the base property qualifications, exchange-of-use agreements (Southern Pacific Company leases), grazing capacities from range inventories, and adjudication in the Rochester Unit on February 4, 1966.

Base property qualifications, exchange-of-use agreements, and Federal Range grazing capacities of each allotment are listed below in animal unit months:

Coal Canyon Allotment:

Federal Range Qualifications	2,121 AUMs
Exchange-of-Use Forage	<u>469 AUMs</u>
Total Authorized Use	2,590 AUMs

Total Estimated Grazing Capacity (Federal Range, and Exchange of-Use) in Allotment	2,654 AUMs
--	------------

Rochester Common Allotment:

Federal Range Qualifications	4,314 AUMs
Exchange-of-Use Forage	<u>2,099 AUMs</u>
Total Authorized Use	6,413 AUMs

Total Estimated Grazing Capacity
(Federal Range, and Exchange-
of-Use) in allotment

6,482 AUMs

The figures include the trade of Federal Range qualifications and Exchange-of-Use forage necessary to equitably satisfy grazing use and livestock water on both sides of the division line.

For detailed location and legal description of allotment line, see attached map & agreement. This agreement has been executed by all range users except Marvin A. & Fannie E. Myers, Unionville Star Route, Inlay, Nevada.

After review of the above information, data, and range agreement, the Advisory Board recommended as follows:

1. That the proposed range line be recognized, establishing the Coal Canyon Allotment and Rochester Common Allotment. However, it is recognized that this division line will not be fenced until after July of 1968.

2. The range users designated to use these allotments will be as follows:

Coal Canyon Allotment:

A. E. Duncan
Star Sheep Company
Gus Duncan

Rochester Common Allotment:

Marvin Myers
Paris Brothers
Clarence & Henry Anderson
Paul Engle
Star Sheep Company
Marie Anderson Estate
Jake Baird
Wm. H. Abel

The recommendation together with the executed agreement has been considered by me. I concur with the Advisory Board and their recommendation.

If you wish to protest this recommendation, please appear in person, by attorney or representative or submit your protest in writing, on January 17, 1968, at 2:30 p.m., Winnemucca District Office, at which time and place the advisory board will hear protests in the presence of a representative of the Bureau of Land Management.

In the absence of a protest within the time allowed, the above recommendation shall constitute the District Manager's decision on your application. Should this notice become the District Manager's decision and if you wish to appeal such decision for the purpose of a hearing before an Examiner, in accordance with 43 CFR 1853, you are allowed thirty (30) days from receipt of this notice within which to file such appeal with the District Manager, Bureau of Land Management. An appeal should specify clearly and concisely why you think the decision is in error.

Very truly yours,

E. A. Moore
District Manager

RANGE LINE AGREEMENT

Place

Date

7/12/67

In accordance with the provisions of Grazing Regulations (43 CFR 4111.3-2(c)), we, the undersigned, hereby agree to the establishment or adjustment of our respective range allotment boundaries as shown on the attached map and further described as follows:

SEE ATTACHED SHEET

It is further agreed that the above-described allotment boundary constitutes a fair, equitable, and practical range division, based on the respective qualifications of our dependent base property under the Grazing Regulations, and as such shall be binding upon our respective heirs, executors, administrators, successors in interest or assigns.

Maryn A. and Fannie E. Myers <i>Maryn A. Myers</i> (Signature of Applicant)	7-12-67 (Date)
<i>Aligah Duncan</i> (Signature of Applicant)	7-21-67 (Date)
<i>Gus Duncan</i> (Signature of Applicant)	7-21-67 (Date)

<i>W.D. Ahlf</i> (Signature of Applicant)	7-28-67 (Date)

RECOMMENDED APPROVAL	APPROVED
(Chairman, Advisory Board)	(District Manager)
(Date)	(Date)

Beginning at a point at the intersection of Interstate 90 and the approximate NW $\frac{1}{4}$ corner of Section 5, T. 29 N., R. 33 E. Thence due east for approximately 4 $\frac{1}{2}$ miles to the NE corner of Section 1, T. 29 N., R. 33 E. Thence NE approximately 1 mile following the ridge to the SW corner of Section 32, T. 30 N., R. 33 E. Thence south along the watershed divide on the unit line between Rochester Unit and Buena Vista Unit for approximately 11 miles, to Weaver Saddle in T. 28 N., R. 34 E., Section 27, approximately 1320 feet east of the NW corner. Thence SW along the ridge approximately 1 mile to a point approximately 500 feet NW of the SW corner of Section 27, T. 28 N., R. 34 E. Thence SW approximately 2 $\frac{1}{2}$ miles to the SW corner of Section 32, T. 28 N., R. 34 E. Thence SW approximately 4.1 miles to the Packard Flat windmill. Thence west picking up and following the watershed divide between Coal Canyon and Nuttleberry Canyon for approximately 6 miles to a point approximately 1900 feet north of the SE corner of Section 24, T. 27 N., R. 32 E. Thence NW approximately 5.4 miles to its intersection with the Southern Pacific Railroad right-of-way fence in NW $\frac{1}{4}$ Section 4, T. 27 N., R. 32 E.

It is also agreed that this line shall be accepted as stacked on the ground adhering as close as possible to the above described line.

Special Conditions:

1. A. E. & Gus Duncan agrees to make all their use both Federal and exchange-of-use north and west of the above described line.
2. Marvin Myers, Jake Baird, & William Abel agreed to make their use south and east of this line including Federal and exchange-of-use land.

Clarence & Henry Anderson, Dixie Valley Cattle Co., & Paris Brothers are not directly affected by this line but will make their use south and east of this line.

3. Theodore Belzarena agrees to make 492 AUMs use north of the above line and 1400 AUMs use south and east of the line which includes his Stillwater use.
4. All parties agree that the above line does not necessarily satisfy their Federal or exchange-of-use AUMs taken separately but that it does satisfy their demand as a whole. Therefore, all parties agree to keep their Railroad leases in good standing. If any party should drop or lose their Railroad lease it should go to the parties in which the land lies, (north of the line or south). At that time the Railroad and Federal AUMs will be straightened out on a permanent basis, which means A. E. Duncan would relinquish approximately 320 AUMs Federal range demand and pick the same amount of Southern Pacific Railroad exchange-of-use. The parties south of the line would pick up Federal range lost by A. E. Duncan.
5. All parties agree to adhere as close as possible to the above described line until such time as it can be built in approximately 1969 Fiscal Year.
6. It is agreed by all parties that the water at Packard Flat windmill will be split.

Standard
Terms and Conditions

1. Grazing permit or lease terms and conditions and the fees charged for grazing use are established in accordance with the provisions of the grazing regulations now or hereafter approved by the Secretary of the Interior.
2. They are subject to cancellation, in whole or in part, at any time because of:
 - a. Noncompliance by the permittee/lessee with rules and regulations.
 - b. Loss of control by the permittee/lessee of all or a part of the property upon which it is based.
 - c. A transfer of grazing preference by the permittee/lessee to another party.
 - d. A decrease in the lands administered by the Bureau of Land Management within the allotment(s) described.
 - e. Repeated willful unauthorized grazing use.
 - f. Loss of qualifications to hold a permit or lease.
3. They are subject to the terms and conditions of allotment management plans if such plans have been prepared. Allotment management plans MUST be incorporated in permits or leases when completed.
4. Those holding permits or leases MUST own or control and be responsible for the management of livestock authorized to graze.
5. The authorized officer may require branding and/or additional or special marking or tagging of the livestock authorized to graze.
6. The permittee's/lessee's grazing area (if) is available for public inspection as required by the Freedom of Information Act.
7. Grazing permits or leases are subject to the nondiscrimination clause set forth in Executive Order 11246 of September 24, 1964, as amended. A copy of this order may be obtained from the authorized officer.
8. Livestock grazing use that is different from that authorized by a permit or lease MUST be applied for prior to the grazing period and MUST be filed with and approved by the authorized officer before grazing use can be made.
9. Billing notices are issued which specify fees due. Billing notices, when paid, become a part of the grazing permit or lease. Grazing use cannot be authorized during any period of delinquency in the payment of amounts due, including settlement for unauthorized use.
10. Grazing fee payments are due on the date specified on the billing notice and MUST be paid in full within 15 days of the due date, except as otherwise provided in the grazing permit or lease. If payment is not made within that time frame, a late fee (the greater of \$25 or 10 percent of the amount owed but not more than \$250) will be assessed.
11. No Member of, or Delegate to, Congress or Resident Commissioner, after his/her election or appointment, or either before or after he/she has qualified, and during his/her continuance in office, and no officer, agent, or employee of the Department of the Interior, other than members of Advisory committees appointed in accordance with the Federal Advisory Committee Act (5 U.S.C. App. 1) and Sections 309 of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1701 et seq.) shall be admitted to any share or part in a permit or lease, or derive any benefit to or from them; and the provision of Section 3741 Revised Statute (41 U.S.C. 22), 18 U.S.C. Sections 431-433, and 43 CFR Part 7, enter into and form a part of a grazing permit or lease, so far as the same may be applicable.

THIS PERMIT: 1. CONVEYS NO RIGHT, TITLE OR INTEREST HELD BY THE UNITED STATES IN ANY LANDS OR RESOURCES AND 2. IS SUBJECT TO (A) MODIFICATION, SUSPENSION OR CANCELLATION AS PROVIDED BY LAND PLANS AND APPLICABLE LAW; (B) REVIEW AND MODIFICATION OF TERMS AND CONDITIONS AS APPROPRIATE; AND (C) THE TAYLOR GRAZING ACT, AS AMENDED, THE FEDERAL LAND POLICY AND MANAGEMENT ACT, AS AMENDED, THE PUBLIC RANGELANDS IMPROVEMENT ACT, AND THE RULES AND REGULATIONS NOW OR HEREAFTER PROMULGATED THEREUNDER BY THE SECRETARY OF THE INTERIOR.

COOPERATIVE AGREEMENT

Range Improvement and Conservation Projects

I. Name Abijah E. Duncan Address Lowlock, Nevada
 Name _____ Address _____
 Name _____ Address _____
 Name _____ Address _____
 Name _____ Address _____

hereinafter called COOPERATOR(S), and UNITED STATES OF AMERICA, by Bureau of Land Management, hereinafter called the Bureau, for and in consideration of the mutual benefits hereunder, and in accordance with the Taylor Grazing Act (43 U.S.C. 315, 315a-315r), as amended, and the National Soil Conservation Act (16 U.S.C. 590a-590q-1), as amended, do enter into this COOPERATIVE AGREEMENT for the construction and/or maintenance of range improvements, installation of conservation works or establishment of conservation practices, hereinafter referred to collectively as improvements, for the benefit of the Federal Range or other public lands and of the Cooperator(s), for use in conjunction with authorized operations under any grazing permit, license, or lease, or renewals thereof issued to the Cooperator(s) by the Bureau.

II. The improvements known as the Sportsman Spring
 will be (are) located upon: NE 1/4 Sec(s) 8 T. 25 N. R. 31 E. MER. M.D.M.
Pershing County Nevada State.

III. It is mutually agreed:

(a) The parties hereto will furnish labor, materials, and equipment as required, the total cost or value not to exceed the amount listed below for each of the parties respectively for the initial construction and/or installation of the improvements indicated in paragraph II.

Cooperator(s)	Estimate	Items	Estimate	Total Cost or Value
<u>Abijah Duncan</u>	<u>Furnish 50' pipe & labor to install spring box, pipe & trough</u>			<u>\$ 80.00</u>
<u>Bureau of Land Management</u>	<u>Dig out with backhoe, trench line, furnish barrels for spring box and furnish trough</u>			<u>\$ 150.00</u>
			Aggregate Cost	<u>\$ 230.00</u>

(b) Upon notice, either orally or in writing from a representative of the Bureau, Cooperators will promptly supply labor, materials, and equipment as specified in paragraph III (a) as required. Contributed materials in excess of the amount required shall be returned to the contributor. Equipment contributed shall also be returned promptly following completion of the work. Work will be conducted under the supervision and direction of the Bureau and shall be pursued with diligence until completed.

IV. (a) The Cooperator(s) shall be liable, jointly and severally, for the repair and maintenance of the said improvements following completion, in good and serviceable condition. The Cooperator(s), without further notice from the Bureau, shall do such repair work as may be necessary from time to time, promptly and in a workmanlike manner. If such work is not performed as necessary, the Bureau shall allow Cooperator(s) not less than thirty (30) days from written notice within which to complete the same, as required.

(b) In the event the Cooperator(s) shall default, after due notice, in the repair and maintenance of the said improvements following completion, the Bureau may do or cause such work to be done for and in behalf of the Cooperator(s); and the necessary cost and expense thereof or proportionate share as determined by the Bureau, shall become a charge and obligation upon and shall be paid by the Cooperator(s). It is further understood in case of default hereunder, that the permit, license, or lease, or renewal thereof issued to the Cooperator(s) and administered by the Bureau, and in connection with which these improvements are constructed, shall not be renewed or extended or any assignment thereof shall not be approved; and that such default may result in cancellation of the permit or license as provided in the Federal Range Code for Grazing Districts, 1956 Rev. (43 CFR Secs. 161.9(d) and 161.15(f)) as amended, or in the cancellation of the lease, unless and until all charges and costs owed by the Cooperator(s) hereunder shall have been paid; provided that the Bureau may pursue such other remedies, legal or administrative, as may be authorized.

(c) Repair and maintenance, as herein required, shall mean normal upkeep and maintenance necessary to preserve, protect, and prolong the useful life of the improvements, but shall not include major repairs where the damage is due to floods, earthquakes, or other acts of God, or fire not the proximate result of fault or negligence of the Cooperator(s) as determined by the Bureau.

(over)

V. It is further agreed:

(a) Title to the said improvements in place, together with all labor and materials furnished by either party and used in the construction and maintenance thereof, shall be in the United States of America. The improvements may be removed, in whole or in part, during the term of this agreement or any extension thereof, by mutual consent of the parties or by direction of the Bureau; such removal shall be made by the Cooperator(s), or by the Bureau at its option. Upon removal of the improvements, any salvageable materials, after deducting an amount to some date for the actual cost of removal, shall be available for distribution to the parties then subject to this agreement in proportion to the actual amount of their respective contributions to the initial construction of the improvements, as determined by the project records of the Bureau. The parties shall take possession and remove their portion of the salvaged materials within 30 days after first notification in writing that such material is available; upon their failure to do so within the time allowed, the materials shall be deemed to have been abandoned and title thereto shall thereupon vest in the United States.

(b) During the course of salvaging the material, the United States assumes no responsibility for the protection or preservation of said material.

VI. (a) If the Cooperator shall assign or transfer his interest in the grazing permit, license, or lease embracing the lands upon which the improvements are constructed or in connection with which they are used, the Cooperator may include in such assignment or transfer his interest in this Cooperative Agreement, including his right to the use of the improvements (Sec. I) and to his proportionate share of the salvageable material (Sec. V (a)). Before the assignee or transferee will be recognized as successor to the Cooperator's interest hereunder, such assignee or transferee will be required by the Bureau to accept an assignment of this agreement and agreeing to be bound by the provisions respecting the use and maintenance of the improvements.

(b) Should the land upon which the improvements are constructed be included in application for classification and disposal under Sections 7 and 14 of the Taylor Grazing Act, or other public land laws, the Bureau agrees not to allow such application if allowance of the application or disposal is discretionary upon the Bureau until the applicant has agreed in writing to compensate the Cooperator(s) for his loss of the improvements in an amount mutually agreed upon and payable separately to the Bureau and to the Cooperator; or, if the parties are unable to agree, the range manager will determine the present reasonable value of the improvements in accordance with 43 CFR 161.15(e) or 43 CFR 160.12(a), whichever is applicable and determine the amounts payable to the Bureau and to the Cooperator which shall be in proportion to the actual amount of their respective contributions to the initial construction of the improvement; or the Bureau, at its option, may require the removal of such improvements under the provisions of Section V(a) of this agreement.

VII. The Cooperator(s) use of the improvements will be in conformity with the General Rules of the Range specified in the Federal Range Code for Grazing Districts (43 CFR Part 151) if the improvements are in a grazing district, or to the special stipulations, if any, included in the grazing lease covering such area, if outside a grazing district, and to the Management Plan, if any, for the area in which the lands serviced by these improvements are located, to the extent such rules, stipulations and plans are applicable for the conservation, protection, and proper utilization of the improvements constructed hereunder.

VIII. This agreement shall not accord to Cooperator(s) any preference, privilege, or consideration with respect to any permit, license, or lease not expressly provided herein or in the rules and regulations governing such permit, license, or lease.

IX. This agreement shall remain in full force and effect until _____ unless (1) sooner terminated by mutual written consent of the parties, or (2) is terminated by the Bureau after due notice because of Cooperator's default or violation of any of the terms or provision of this agreement, or (3) in accordance with Section V or VI of this agreement.

X. Items II and III of this agreement may be modified or cancelled by written agreement of the parties, which agreement shall become a part hereof. Items IV to IX inclusive may also be amended but first must be approved by the State Supervisor.
