ADDITIONAL SUPPORTING REMARKS REGARDING THIS PROOF'S FILING

This source has been used for irrigation since 1873 with minimum improvements for water distribution. Please refer to supplement and amendment to Proof V02432 previously filed for Chain of Title and copies of documents. To improve the efficiency of use of water a pipeline was constructed under a permit used by the State of Nevada. Permit 37920, which was certificated in 1987. The area irrigated and place of use is based upon that shown on Permit 37920 and the priority of 1873 is claimed under the Doctrine of Relation Back under Permit 37914 and 50075 to accompany this proof. This source also provided domestic use year around.

The undersigned, being first duly sworn, deposes and says that the facts relative to the appropriation of water by

Ira R. Renner and Montira Renner are full and correct to the best of their knowledge and belief.
