by Washoe County
Printed or typed name of applicant
waters of underground situated in Washoe
Underground or name of stream, lake, spring or other source

County, State of Nevada, for the following reasons and on the following grounds, to wit:

This is one of 29 applications by Washoe County (numbers 53406 through 53434) for permission to change the manner and place of use of a total of 37,401.78 acre-feet of water from irrigation and domestic use within Honey Lake Valley to municipal use outside the valley. Export of such a quantity of water would lower the water table in Honey Lake Valley, threatening existing springs which provide water critical to the survival of wildlife in California.

THEREFORE the protestant requests that the application be denied
(Denied, issued subject to prior rights, etc., as the case may be)

and that an order be entered for such relief as the State Engineer deems just and proper.
