and protests the granting

of Application Number 53989, filed on October 17th, 1989

by Las Vegas Water District

Printed or typed name of applicant

to appropriate the

waters of Dry Lake Water Basin / ground water situated in Lincon county

Underground or name of stream, lake, spring or other source

County, State of Nevada, for the following reasons and on the following grounds, to wit:

Displacement of the water is not fair to the locals in other  
countys for their own growth in the future and they wouldlose  
the quality of the remaining water. The desert needs the water to  
not become a waistland. The recreational uses are important for  
for us in the city. This environment and ecosystem is not a fair  
exchange for lake lakes, golf courses and casino waste inthe  
desert. Mono lake in California is a good example of the damage  
that would occure. Our oxigen also comes from these plants.

THEREFORE the protestant requests that the application be DENIED

(Denied, issued subject to prior rights, etc., as the case may be)

and that an order be entered for such relief as the State Engineer deems just and proper.
