PROTEST  
STATE ENGINEER'S OFFICE

IN THE MATTER OF APPLICATION NUMBER 53990  
FILED BY LVVWD / SNWA  
ON October 17, 1989 TO APPROPRIATE THE  
WATERS OF UNDERGROUND

Comes now PATRICK J GLOECKNER

whose post office address is HC-74 Box 237 Pioche, Nevada 89043

whose occupation is a LINEMAN / Rancher and protests the granting

of Application Number 53990, filed on October 17, 1989 by LVVWD / SNWA to appropriate the

waters of UNDERGROUND situated in LINCOLN County, State of Nevada, for the following and on the following grounds, to wit: (CHECK ALL THAT APPLY)

- 1. There is insufficient water available in the proposed source of supply.
- 2. The application and proposed use would conflict with existing water rights and protectable interests in domestic and/or ranch production and/or municipal wells
- 3. The appropriation and export of water proposed in this application would be detrimental to the public interest on environmental grounds and would be environmentally unsound as it relates to the proposed export basin: Harm to wildlife and wildlife habitat, degradation of air quality, destruction of recreational and aesthetic values, degradation of water quality, degradation of cultural resources, harm to state parks and state and federal wildlife refuges and parks.
- 4. The appropriation and export of water proposed in this application would be detrimental to the public interest on economic grounds and would unduly limit future growth and development in the basin from which the export is proposed: Undue limitation of future economic activity and growth in the basin of origin, undue economic harm will extend to the economies and communities of downgradient hydrologically connected and downwind basins, loss of public lands grazing and forage.
- 5. The proposed action is not an appropriate long-term use of Nevada's water:
- 6. The Applicant has not justified the need to import water from another basin:
- 7. The Applicant has not implemented a sufficient conservation plan.
- 8. The Applicant has not demonstrated the good faith intent or financial ability and reasonable expectation to actually construct the work and apply the water to the intended beneficial use with reasonable diligence.
- 9. The Applicant has a duplicative application filed in 2010 which may require a duplicative hearing for the same groundwater.
- 10. The appropriation and export of groundwater from Spring Valley will harm existing permitted uses in the hydrologically connected Snake Valley and Great Basin
- 11. The appropriation and export of groundwater from Cave, Dry Lake, and Delamar Valleys will harm hydrologically connected areas including Pahranaagat and M NWRs and White River Valley and Lake Mead NRA.
- 12. Protestant reserves the right to amend this protest to include issues as they develop and incorporates other protests to SNWA's applications by reference.

THEREFORE the Protestant requests that the application be DENIED 13-over

and that an order be entered for such relief as the State Engineer deems just and proper.
