Printed or typed name of applicant  
waters of Underground  
Underground or name of stream, lake, spring or other source situated in Lincoln

County, State of Nevada, for the following reasons and on the following grounds, to wit:

*I own + reside on Wilson Creek Ranch. Wilson Creek flows through the middle of my ranch. Last year at the Lincoln County Courthouse the Federal Judge, upon recommendation of the State Water Engineer, denied application for additional water from Wilson Creek. (Water Rights Permit # 30215). The State Engineer in his Report of Determination declared that the waters of Wilson Creek were fully appropriated. Yet, here comes Clark County and applies for water rights to this Creek which is on my property and to which I was denied. Is this fair or right?*

THEREFORE the protestant requests that the application be Denied  
(Denied, issued subject to prior rights, etc., as the case may be)

and that an order be entered for such relief as the State Engineer deems just and proper.
