waters of Underground situated in White Pine
Underground or name of stream, lake, spring or other source

County, State of Nevada, for the following reasons and on the following grounds, to wit:
Application No. 54027, if approved, would prevent or interfere with the development of the community water supply in Snake Valley. The Baker Water and Sewer General Improvement District was formed for this purpose after completion of an engineering study by Eric Beyer. This study designated a source for the Baker water system that is located adjacent to Application No. 54027. Said water system is critically needed for the health and economic well-being of Snake Valley, as well as for serving the needs of some 80,000 annual visitors to the Great Basin National Park.

I also have two wells and two businesses. Both depend upon water. My lifestyle and business will be adversely affected.

THEREFORE the protestant requests that the application be Denied
(Denied, issued subject to prior rights, etc., as the case may be)
and that an order be entered for such relief as the State Engineer deems just and proper.
