County, State of Nevada, for the following reasons and on the following grounds, to wit:

The Baker Town Advisory Board worked with Erik Beyer to complete the engineering study for a water and sewer system for the town of Baker. A General Improvement District has been formed to develop this system. Number 54027 is adjacent to a probable source of water for the town system. The system is critical to the health and economic well-being of the residents of Snake Valley as well as serving the needs of some 80,000 annual visitors to Great Basin National Park. ATTACHMENT TO PROTEST OF APPLICATION NO. 54027
BY LAS VEGAS VALLEY WATER DISTRICT

Approval of this application would jeopardize the community water supply that is now being developed in Snake Valley for the town of Baker, by means of the Baker General Improvement District. This quasi-municipal water system is necessary for the healthy growth and economic development of Snake Valley, and to serve the 80,000 annual visitors to Great Basin National Park.

The undersigned additionally incorporates by reference as though fully set forth herein and adopts as its own, each and every other protest to the subject application filed pursuant to NRS 533.365.

Inasmuch as a water extraction and transbasin conveyance project of this magnitude has never been considered by the State Engineer, it is therefore impossible to anticipate all potential adverse affects without further information and study. Accordingly, the protestant reserves the right to amend the subject protest to include such issues as they may develop as a result of further information and study.
