by Las Vegas Valley Water District  
Printed or typed name of applicant  
waters of Underground situated in White Pine County  
Underground or name of stream, lake, spring or other source

County, State of Nevada, for the following reasons and on the following grounds, to wit:

Approval of this application would jeopardize the community water supply that is now being developed in Snake Valley for the town of Baker, by means of the Baker General Improvement District. This quasi-municipal water system is necessary for the healthy growth and economic development of Snake Valley, and to serve the 80,000 annual visitors to Great Basin National Park.  
This application is one of nine applications filed on water in Snake Valley for a total of 51,100 acre feet. The appropriation of this water when added to the already approved appropriations and dedicated users will far exceed the annual recharge and safe yield of the basin, adversely affecting existing rights and public interest.

THEREFORE the protestant requests that the application be Denied  
(Denied, issued subject to prior rights, etc., as the case may be)  
and that an order be entered for such relief as the State Engineer deems just and proper.
