of Application Number 54031, filed on October 17, 1989

by Las Vegas Valley Water District
Printed or typed name of applicant to appropriate the

waters of Underground
Underground or name of stream, lake, spring or other source situated in Lincoln

County, State of Nevada, for the following reasons and on the following grounds, to wit:

I see this county having only enough water for our survival, existing water levels grow lower each year, and we have to conserve on water for our small lawns and household use as it is, why take our drinking water for Las Vegas pleasure, such as swimming pools, man made lakes, fountains. This is very wrong. Application of these filings will eventually deny Lincoln County of any water and leave us a barren area

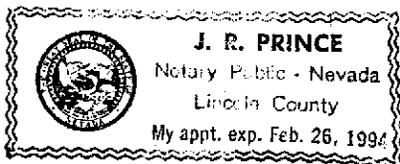

THEREFORE the protestant requests that the application be Denied
(Denied, issued subject to prior rights, etc., as the case may be)

and that an order be entered for such relief as the State Engineer deems just and proper.
