by Las Vegas Valley Water District

Printed or typed name of applicant

to appropriate the

waters of Underground

Underground or name of stream, lake, spring or other source

situated in Lincoln

County, State of Nevada, for the following reasons and on the following grounds, to wit:

The appropriation when added to the water all appropriated in the 202 Basin

would exceed the amount of water being recharged to the basin. Then you would

have to allow for the years of drought when no or very little recharge takes

place. This tied in with all the other applications would dry up the

surrounding areas.

THEREFORE the protestant requests that the application be Denied

(Denied, issued subject to prior rights, etc., as the case may be)

and that an order be entered for such relief as the State Engineer deems just and proper.
