of Application Number 54032, filed on October 17, 1989

by Las Vegas Valley Water District
Printed or typed name of applicant to appropriate the

waters of Underground
Underground or name of stream, lake, spring or other source situated in Lincoln

County, State of Nevada, for the following reasons and on the following grounds, to wit:

The appropriation of this water when added to the already approved
appropriations and dedicated users in the 202 Basin will exceed the annual
recharge and safe yield of the basin. I believe that appropriation of this
water and the excessive magnitude of it will lower the water table and degrade
the quality of the water from existing wells. I also believe that it will in-
terfere with the environment of the areas surrounding all of these water
wells. In other words "don't fool with Mother Nature".

THEREFORE the protestant requests that the application be Denied
(Denied, issued subject to prior rights, etc., as the case may be)

and that an order be entered for such relief as the State Engineer deems just and proper.
