waters of Underground situated in Lincoln
Underground or name of stream, lake, spring or other source
County, State of Nevada, for the following reasons and on the following grounds, to wit:

The appropriation of this water when added to the already approved appropriations
and dedicated users in the 202 Basin will exceed the annual recharge and safe

water table and degrade the quality of water from existing wells, cause
negative hydraulic gradient influences, further cause other negative impacts
and will adversely affect existing rights adverse to the public interest.

THEREFORE the protestant requests that the application be Denied
(Denied, issued subject to prior rights, etc., as the case may be)
