by Las Vegas Valley Water District

Printed or typed name of applicant

to appropriate the

waters of Underground

Underground or name of stream, lake, spring or other source

situated in Lincoln

County, State of Nevada, for the following reasons and on the following grounds, to wit:

This application is one of 114 applications filed by the Las Vegas Valley Water District seeking a combined appropriation of some 860,000 acre feet of ground and surface water for municipal use in the Las Vegas Artesian Basin. Division and export of such a quantity of water will deprive the county and area of origin of the water needed for its environment and economic well being. The granting or approving of the subject application in the absence of comprehensive planning, such as has been required by the Public Service Commission of private purveyors of water, is detrimental to the public welfare and interest.

THEREFORE the protestant requests that the application be Denied

(Denied, issued subject to prior rights, etc., as the case may be)

and that an order be entered for such relief as the State Engineer deems just and proper.
