of Application Number 54033, filed on October 17, 19 89
by Las Vegas Valley Water District
Printed or typed name of applicant
waters of Underground situated in Lincoln
Underground or name of stream, lake, spring or other source

County, State of Nevada, for the following reasons and on the following grounds, to wit:

On February 27, 1984 State Engineer Peter G. Morros denied application
No. 36698 on the grounds that this appropriation of underground water
for the irrigation of additional lands would tend to impair the value
of existing rights and would be detrimental to the public interest and
welfare within the Panaca Valley Ground Water Basin.

The appropriation of this water when added to the already approved
appropriation and dedicated users in the 202/203 basins will exceed

the annual recharge and safe yield of the basins.

THEREFORE the protestant requests that the application be Denied

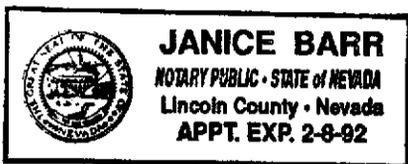

(Denied, issued subject to prior rights, etc., as the case may be)

and that an order be entered for such relief as the State Engineer deems just and proper.
