Application Number 54033, filed on October 17, 1989
by Las Vegas Valley Water District
Printed or typed name of applicant
waters of Underground situated in Lincoln
Underground or name of stream, lake, spring or other source

County, State of Nevada, for the following reasons and on the following grounds, to wit:

The application should be denied because it individually and cumulatively will increase the waste of water and lack of effective conservation efforts in the Las Vegas Valley Water District service area. In addition, the granting or approval of the above-referenced application would conflict with or tend to impair existing rights in the 202 basin because it would exceed the safe yield of the subject basin and unreasonably lower the static water level and sanction water mining.
The undersigned additionally incorporates by reference as though fully set forth herein and adopts as its own, each and every other protest to the aforementioned applications filed pursuant to NRS 533.365.

THEREFORE the protestant requests that the application be Denied
(Denied, issued subject to prior rights, etc., as the case may be)
and that an order be entered for such relief as the State Engineer deems just and proper
