whose occupation is RETIRED, and protests the granting

of Application Number 54034, filed on October 17, 1989

by Las Vegas Valley Water District  
Printed or typed name of applicant to appropriate the

waters of Underground situated in Lincoln  
Underground or name of stream, lake, spring or other source

County, State of Nevada, for the following reasons and on the following grounds, to wit:

I have been a resident of Lincoln County for fifty four years. During this half century I have experienced years when there was plenty of water and years of less. I feel the approval of this application and others would hurt our enviroment and upset our ecological balance.

Since a large majority of people in Lincoln County are retired and on a fixed income I feel that the removal of water from our area would increase our utilities and place an economic hardship on the elderly population.

Last summer, due to water shortages we were placed on an alternate watering day program and if the Las Vegas Water District is allowed to remove state controlled water from our area I am sure that these shortages will be increased.

THEREFORE the protestant requests that the application be Denied  
(Denied, issued subject to prior rights, etc., as the case may be)

and that an order be entered for such relief as the State Engineer deems just and proper.
