by Las Vegas Valley Water District

Printed or typed name of applicant

to appropriate the waters of Underground situated in Lincoln

Underground or name of stream, lake, spring or other source

County, State of Nevada, for the following reasons and on the following grounds, to wit:  
 The appropriation of this water when added to the already approved appropriations and dedicated users in the 202 Basin will exceed the annual recharge and safe yield of the basin. Appropriation and use of this magnitude will lower the water table and degrade the quality of water from existing wells, cause negative hydraulic gradient in fluences, further cause other negative impacts and will adversely affect existing rights adverse to the public interest.

THEREFORE the protestant requests that the application be Denied

(Denied, issued subject to prior rights, etc., as the case may be)

and that an order be entered for such relief as the State Engineer deems just and proper.
