waters of Underground
Underground or name of stream, lake, spring or other source
situated in Lincoln
County, State of Nevada, for the following reasons and on the following grounds, to wit:

The appropriation of this water when added to the already approved appropriations and dedicated users in the 202 Basin will exceed the annual recharge and the yield of the basin. Appropriations and use of this water will lower the water table and degrade the quality of water from existing wells. Cause a negative hydraulic gradient influence, further cause other rights interests and will adversely affect existing rights adverse to the public interest.

THEREFORE the protestant requests that the application be Denied
(Denied, issued subject to prior rights, etc., as the case may be)
