and protests the granting of Application Number 54034, filed on October 17, 1989

by Las Vegas Valley Water District

Printed or typed name of applicant

waters of Underground situated in Lincoln

Underground or name of stream, lake, spring or other source

County, State of Nevada, for the following reasons and on the following grounds, to wit:

The approval of the appropriation of this water to the Las Vegas Valley Water District would, I feel, drain an excess amount of water from our area where wells are the primary source of water for our present existence.

It is also my understanding that approval of the other numerous applications could cause an ecological disaster by drawing water from one source that may be feeding our well and others.

I lived in Las Vegas for thirty plus years and I have never seen any effort to control the use of water, but have seen the exploitation and exorbitant use of water. It is ironic that when these applications were filed they filled the moat at the new Excaliber Hotel.

THEREFORE the protestant requests that the application be Denied

(Denied, issued subject to prior rights, etc., as the case may be)

and that an order be entered for such relief as the State Engineer deems just and proper.
