

IN THE OFFICE OF THE STATE ENGINEER OF THE STATE OF NEVADA

IN THE MATTER OF APPLICATION NUMBER 62432
FILED BY U.S. Fish and Wildlife Service
ON September 4, 1996\*, 20
\*As published on September 25, 2015

PROTEST

Comes now Southern Nevada Water Authority (SNWA)
Printed or typed name of protestant
whose post office address is 1001 S. Valley View Blvd. Las Vegas, NV 89153
Street No. or PO Box, City, State and ZIP Code
whose occupation is wholesale water purveyor and political subdivision of the State of Nevada and protests the granting
of Application Number 62432, filed on September 4, 1996, 20
by United States Fish and Wildlife Service (USFWS) for the
waters of South Maynard Spring in Pahrnagat Valley (209) situated in Lincoln

an underground source or name of stream, lake, spring or other source

County, State of Nevada, for the following reasons and on the following grounds, to wit:

- 1) The amount of water requested by this application does not exist reliably for the Maynard Spring complex. See Attachment A.
2) Over appropriation of the source would prove detrimental to the public interest.

SNWA requests that this application be denied. In the alternative, SNWA requests that if the application is approved, in order to prove beneficial use, USFWS should be required to install a gaging station and to submit continuous mean daily values to the State Engineer to support the permitted flow rate. If actual measured flows do not match permitted flows consistently, any certificate issued should only reflect actual flows. SNWA also requests that the permit terms include an annual reporting requirement.

THEREFORE the Protestant requests that the application be denied

Denied, issued subject to prior rights, etc., as the case may be

and that an order be entered for such relief as the State Engineer deems just and proper.
