to appropriate the

waters of Stone House 1 and 2, Larsen (underground) situated in Spring Valley environs

Underground or name of stream, lake, spring or other source

County, State of Nevada, for the following reasons and on the following grounds, to wit:

These applications would adversely affect wilderness in the Schellcreek Range; violate Fed. Lands Policy & Management Act(1976) sections 202 and 603; affect wetlands, springs and unique "swamp cedars" and ESA listed fisheries including those protected as "ACECs". This action requires a full-blown NEPA environmental impact report on impacts on sites and areas identified by the NORA Index & Survey(since 1958). The taking of these waters would adversely affect area's native biodiversity, recreation, agriculture and cause losses to an already stuggling local rural economy.

THEREFORE the protestant requests that the application be denied

(Denied, issued subject to prior rights, etc., as the case may be)

and that an order be entered for such relief as the State Engineer deems just and proper.
