waters of Underground - in Spring Valley situated in White Pine Co.
County, State of Nevada, for the following reasons and on the following grounds, to wit:

Serious adverse consequences on the economic, environmental and societal fabric of Spring Valley and White Pine County will result if this permit for the pumping of 6 c.f.s of water is granted to Vidler Water Company along with their other 14 applications in the same area. People will probably be faced with the loss of homes, ranches and the value attached to them if this massive pumping project is implemented. Unless proven otherwise, this massive exportation of water must have the effect of drying up the springs, wetlands and wells, that we, and our neighbors, rely upon for our very lives and livelihoods.

Much of the diverse plant and animal life of the valley would most probably die, resulting in a sterile dusty basin. The economic impact of this would be far reaching in terms of recreation, agriculture, and loss of tax base to an already struggling rural county.

THEREFORE the protestant requests that the application be Denied (Denied, however subject to prior rights, etc., as the case may be)
and that an order be entered for such relief as the State Engineer deems just and proper.
