IN THE MATTER OF APPLICATION NUMBER 71225

of Application Number 71225, filed on 8/16/04

by Vidler Water Co. to appropriate the  
Printed or typed name of applicant

waters of SANDY-MESQUITE BASIN 163 situated in Clark  
Underground or name of stream, lake, spring or other source

County, State of Nevada, for the following reasons and on the following grounds, to wit:

The State Engineer determined in Ruling 5132 that there are no more water rights available in this basin. In that ruling, the State Engineer created over 700 afa of paper water to accommodate Vidler's inter-basin transfer request and to have sufficient water rights to protect the basin's future water needs. We feel there is not enough water to satisfy Vidler's request.

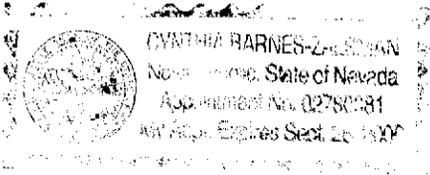

THEREFORE the protestant requests that the application be Denial  
(Denied, issued subject to prior rights, etc., as the case may be)

and that an order be entered for such relief as the State Engineer deems just and proper.
